Advanced Training Introduction

Advanced training explains the timeline of the absolute picture from the year 1588 until our present time. It is the part of the timeline that is the New World Order.

The Situation Satan Faced When He Created His Current Strategy to Build the N.W.O.

By the year 1588, approximately Five thousand and six hundred years have passed since God created earth and since Satan decided that he wanted to take over God's position and be worshiped. Satan knows that he can't take over heaven and the other angels because he was cast out of heaven and confined to earth. Satan also knows that the angels still in heaven will never reject God. Since being cast out of heaven Satan's plan has been to take over earth and make humans worship him as god. Satan thinks that will force Jesus to admit that He should give the earth to Satan and let him have humanity to rule over as god of earth. That is still Satan's plan. The problem is that after 5500 years the situation on earth has become so complex that the plan to take over will have to be the most complex plan developed so far.

How Do You Build A Strategy Complex Enough To Build The N.W.O.?

To understand this complex plan lets put ourselves in Satan's position. You are faced with a complex problem. Where do you begin? Break the problem down into smaller manageable pieces. Arrange the pieces into a series of goals that can be accomplished one at a time or in small groups until you reach your final objective. Use the basic building blocks that a 'take over' strategy is built with like deception to hide your identity, killing the enemy and making them kill each other, control and limit the information that is available to your enemy, keep your enemy distracted and focused on something other than their own defense; Keep your own forces under control and limit their knowledge of your full plan so they can't give it away all at once and don't let any of your enemies become so powerful that they can oppose you.

Introduction to the Strategy of Building the N.W.O.

Building the strategy used to create the N.W.O. was difficult and complex and breaking problems down into small pieces was necessary. For us as info warriors, learning about the strategy and learning the activities that were carried out while following the strategy is equally difficult and complex. It would be a good idea to break down the learning process into smaller pieces and work on them one at a time until the full picture can be seen. Looking at the timeline of the activities taken as the members of the N.W.O. carried out their plan will reveal the different phases of the strategy so we can examine them one at a time. Also, there have been setbacks to their activities so we have to consider that some of the activities appear later on the timeline than intended.

For example Satan wanted to start setting up the first steps to world government in 1814 at the congress of Vienna but that failed and world government was finally set up in 1945 with the UN.

The Stages of the Strategy for Building the N.W.O.

There are seven groups of smaller steps that have happened along the way in building the N.W.O. since their full strategy was developed in 1588. The first group of steps taken is from 1588 to about 1650.

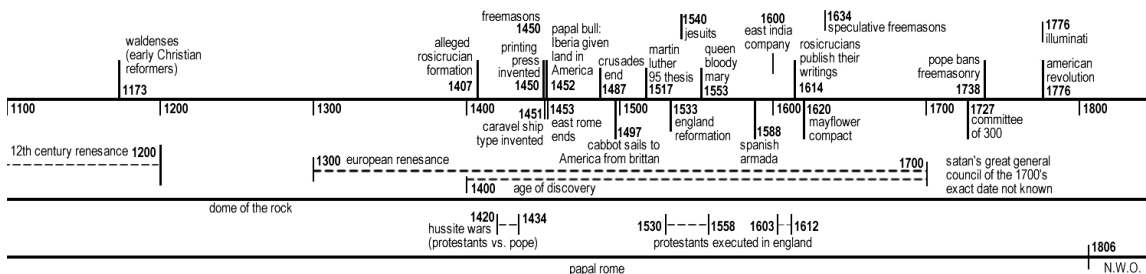

1588 - ~ 1650

Start Countering the Reformation. Cause Religious Fatigue with Wars

1. Infiltrate Jesuits into protestant churches in Europe and the new world of the Americas. Build a layer of deniability between Catholic Church and N.W.O.
2. Start the thirty years war to set up illuminism.

These are steps taken to setup future events and to protect the highest levels of the people involved in the N.W.O. As you know, Satan and the fallen angels are the highest level involved in setting things up but there are also many thousands of humans involved. Probably millions if you consider even the lowest levels. But it is a religious matter when you get to the source. The reformation totally exposed Satan and the Catholic Church and the pope as the antichrist and as long as the Protestant Christians were teaching the truth of the original text the N.W.O. could never be built. Therefore the first steps to be taken would be to infiltrate the protestant churches with Jesuits to very slowly change the teachings of the protestant churches and eventually teach lies that would hide who the antichrist is and hide the fact that Catholicism is not true Christianity. They call it the Counter Reformation.

Another step taken was to start the thirty years war to make people in Europe sick and tired of fighting for religion so that they would gladly accept any alternative way of thinking that would allow protestants and Catholics to come together in peace because Satan wanted to introduce illuminism that would play a very big role in setting up the N.W.O. Illuminism would be the alternative to religious wars and people did accept it after so much war.

1614 - 1776

Build the Core Secret Societies That Will Control the World

1. Set up and reorganize the main secret societies
2. Introduce concept of illuminism using the rosicrucians
3. Use rosicrucians to influence and control science and technology to control the coming scientific and technical revolutions.
4. Start building up rothschild family for control of world financial affairs.

The next group of steps is from 1614 to 1776 where Satan set up the main core of secret societies that would control the world and to begin raising the Rothschild's to power so they could control the world's financial systems and help create the nation of Israel. This is a very important group of steps because Satan knows that there will always be people who will see through his deceptions and try to expose it. By taking these steps he is creating what appears to be the source of the N.W.O. so anyone looking will stop here and lay the blame on the secret societies and never look further to find the Catholic Church and the fallen angels. Using the Jesuits to secretly set up these secret societies and infiltrating the protestant churches to change their teachings is the wall of protection that no one can be allowed to see behind or else it will be too easy to stop the N.W.O. If these secret societies were stopped the Jesuits would still be left untouched with the power of the church and the fallen angels behind them to start over.

This is also the time period when Satan introduced illuminism through the Rosicrucian secret society. Illuminism was a way of thinking that is supposed to be less intolerant than the religious way of thinking. Illuminism focuses on human rights that are common to every person regardless of what god they follow. In reality it is just an empty promise used to lead desperate people into following the N.W.O. plan. Because of the 30 years war created by the N.W.O. members, people were happy to accept the enlightened way of thinking presented by the Rosicrucians. This enlightenment would allow the mindset that would accept non religious teachings like evolution which would be a major part of the future plans of the N.W.O.

1789 - 1870

Organize Europe, Start World Government, Use Brittan as the Command and Control for the N.W.O. and America for the Force To Build the N.W.O.

1. Use the Napoleonic wars to set up nation states in Europe.
2. Use the congress of Vienna to set up beginnings of world government / human rights.
3. Hide the pope from looking like a powerful figure
4. Take control of Brittan and America financially and politically.

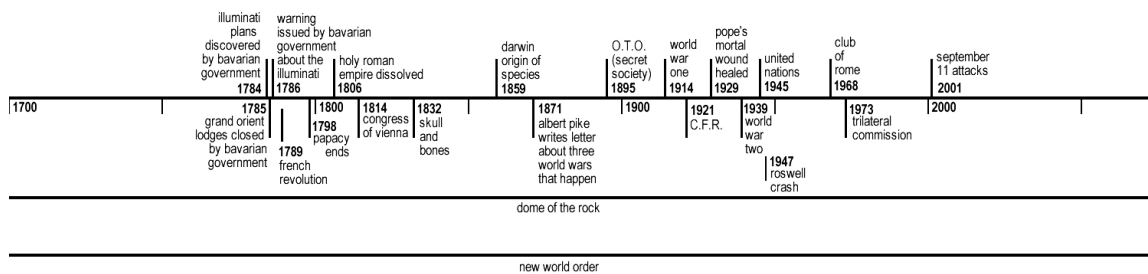

The next group of steps is where the N.W.O. members take some visible and permanent steps towards building the N.W.O. The illuminated way of thinking was around for a hundred years by this time and it had time to spread and it was used to create a movement that caused the French revolution which would cause the Napoleonic wars which was the intended result.

That is because the Napoleonic wars would create stable nations in Europe that could be used more easily in the future than the hundreds of little states that were almost impossible to coordinate.

Also the end of the Napoleonic wars would be an opportunity to set up a league of nations that could lead to world government. The League of Nations failed but that goal was just moved to a later date. Napoleon was also used to remove the pope from his seat of political power which was important in keeping the Catholic Church away from any association with the setting up of the N.W.O.

This time period was also the time when the N.W.O. members really tried to secure their control over England and America. England was the most powerful protestant nation and America was its colony.

They would use England as the command and control for setting up the N.W.O. and America for carrying out the actions of setting up the N.W.O. That way the suspicion and blame for all the bad deeds needed to accomplish the goals would be blamed on those nations which are the enemies of the Catholic Church. Two protestant nations. This way Satan could use his enemies to accomplish his goals as he destroys them.

1844 - 1913

Start a Movement to Bring the Infiltrated Protestant Churches Under the Control of the Pope. Create Evolution and Communism to Be Used As a Reason for America to go to War

1. Ecumenism, many Christian denominations formed.
2. Evolution
3. Communism

This time period is when three new objectives were introduced. In 1844 the N.W.O. started to introduce new Christian denominations that would eventually blend with the protestant churches that were infiltrated by Jesuits for the last three hundred years. It is the next step in the Counter Reformation. Now that the churches have Catholic trained Jesuits who have slowly changed the teachings of the protestant churches to become more catholic, it is time to start joining the churches together to be one with the Catholic Church instead of opposing it with truth. This movement to put aside differences and become one is called the ecumenical movement. It's just a bunch of people pushing for false Christianity.

Having the protestant churches with their Jesuits alone calling to join with the Catholic Church would be too suspicious so it helps to have many groups calling for ecumenism so it looks like something everyone wants which allows the Jesuits to remain hidden among the vast crowd.

Evolution and communism were also introduced during this time period. Evolution is another way of destroying Protestantism because many churches including the Catholic Church teach that God could have used evolution to create the world and all life. That is not what the Bible tells us. But evolution served two other very important purposes. First it changed the timeline of earth's history because the timeline of hundreds of millions of years would be used to control our energy supply by making people believe that the world would run out of oil and natural gas. They tell us that we are using it faster than it is being created and that co2 will kill us all. But with the true timeline of history being only 6000 years, you can see there have been times in our history when co2 was far greater than it is now and nothing terrible happened. Second, evolution would help with the rise of communism which was going to be used to get the Eastern Orthodox Church back under control after the schism between the east and west catholic churches in the year 1054. Communism would also be used to create wars all over the world to invade and take over countries and it would provide a reason for creating a world government.

1914 - 1945

Use Wars To Create World Government, World Banks, the State of Israel, Bring the Pope Back To Lead The N.W.O.

1. Set up world government
2. Set up world banks
3. Set up israel
4. Bring back pope

By the year 1914 there were enough pieces in place to start the world wars that would be used to justify setting up the world government of the United Nations and the state of Israel. These wars also justified setting up the world banks. Now the N.W.O. had world authority through the UN and control of the world's financial systems with the world banks. They were also in control of the temple mount by the end of this set of goals through Israel.

With the control of the temple mount it was time to put the pope back into a more powerful position and the major parts of the N.W.O. were already set up so it was not likely anyone would suspect him as being part of setting it up. In 1929 the pope regained his papal states with The Lateran Treaty. Removing the pope as leader of his state in 1798 was part of hiding the fact that the pope is the antichrist. But by removing him as a political leader and then restoring him as a political leader a prophecy was fulfilled which proved even more strongly that he is the antichrist and that the Bible is God's true word.

1947 - 2001

Introduce the Global Threats That Make the World Think That Everyone Has Some Common Need and Enemy Other Than the Internal Threats Found Inside Individual Nations

1. External / global threats: Co2, viruses, populations, pollution, resources.
2. Alien agenda.
3. Begin planning for technocracy

This time period began three new phases of the N.W.O. plan. Because the major pieces of the N.W.O. are in place it is time to start making people want to accept it. The methods used to make people want to accept the N.W.O. would need to be developed over several decades. These methods are just external threats that are common to every nation. By using these external threats it makes everyone feel like they need to join together to defeat the threats and naturally they will join together under the only global authority there is which is the UN. The threat of co2 and global warming is also used to control and reduce populations by restricting energy use. Carbon is also part of every living thing on earth so controlling carbon is used to control all life on earth by taxing it and putting restrictions on it. The technocratic society is something the N.W.O. will use to control every aspect of your life when the N.W.O. is complete. Technocracy is a complete surveillance society that tells you how much energy you are allowed to consume in the form of food and fuel.

The alien agenda is also started during this phase of the strategy and will be gradually expanded because near the end of the plan to set up the N.W.O. the fallen angels will make themselves visible and pretend to be from another solar system and they will tell us they have the answers to all of the external threats that we face. Their solutions will be to follow the plan of the N.W.O. or the earth will end.

2001 - Present

Start The Process That Will Lead To The Religious War That Will Destroy The Dome Of The Rock And Set Up The Infrastructure That Will Be Used As The Technocracy

1. Religious war seeds planted/ World War 3
2. Set up surveillance and control grid around world

This time period is where the final phase of the strategy begins. The first step is to commit a spectacular false flag attack on America. This happened on September 11, 2001. It had to be a spectacular attack so that there would be no doubt that every one would support going to war. Because of the attack America was able to invade Afghanistan and Iraq and the war on terror was able to spread all over the Middle East. The effects of the war on terror are what will set up a religious war, which will be world war three, and the final steps to make everyone on earth ask for the N.W.O. to take over fully. A world wide surveillance grid is set up because of the war on terror which is exactly what was needed to make the technocratic society work.

Also all the fighting in the Middle East creates a reason to have millions of Muslim refugees invade the west (Europe and America). These refugees are almost all fighting age males who are going to be used in a religious war when the time is right to attack. Before the refugees are triggered into attacking the west in all out jihad, the N.W.O. will cause internal threats using groups like Antifa and B.L.M. by using the media to continually train people to think that everything is racist and sexist and homophobic. This will weaken the western nations internally and when they are weak the Muslim refugees will be triggered with a false flag attack big enough to anger all of them world wide and their leaders will call for global jihad.

That jihad will cause World War 3 and during the fighting the dome of the rock will be destroyed and the third temple built. Then the Vatican will be destroyed and the pope will move to the temple mount. Near the end of the war the fallen angels will stage their fake alien invasion and tell us that the only way to solve all of our problems will be to accept the N.W.O. They will also claim that they came to earth thousands of years ago and changed some ape DNA to create humans and that Bible is really the story about how they created humans using what we thought was evolution. They will claim that Lucifer (Satan) is their god and the holy land is really his land. Anyone who opposes that story will be killed because they will be blamed for standing in the way of world peace. That is how Satan plans to take over the world and prove that Jesus must give him the world to rule over forever. Satan will say that he made everyone ask for the N.W.O. and therefore he is justified in having it.

Satan thinks that he deserves to rule the world and humans because he can trick you into asking for it by using every evil trick like murder and torture and lies. Jesus says that we can have the earth to live in forever in peace and prosperity because he created it for us so it is already ours. All we have to do is choose if we want to accept what Jesus created for us. Giving Adam and Eve the choice to choose not to eat the fruit from the forbidden tree was the only way to present that choice without introducing evil just by presenting a choice. Remember that if God said they could not eat the forbidden fruit because it would cause death but he never said it would cause lying, stealing, adultery, or anything that would lead to questions that would cause Adam and Eve to start thinking about sin. Telling them the result would be death is easy to understand without leading to any other issues or questions. It was Satan that told Adam and Eve they would know what it is like to be God if they ate from the tree. Satan used their love of God against them. Just like a child wants to know what its like to do what their parents do when they drive a car or bake a cake.

Levels in the Secret Societies and Non Occult People Who Are Helping Build the New World Order

There are lots of levels in organizations and people are only allowed to know what they need to know. It's called compartmentalization. Only the people at the very top know most of the plan or possibly even all of it. You may ask how is it that Info Warriors know the absolute picture if so little people involved in the N.W.O. don't know it even as they are helping to create it.

That is because the people involved in the N.W.O. are not looking for the truth. They just want their rewards from the N.W.O. so they do as they are told or they don't even think there is a problem. Also, Jesus allows his faithful believers to not be deceived by the great deception created by Satan so they can see the absolute picture.

There are also a great deal of Info Warriors that don't even believe in God and they are evolutionists but they are still good people. Not everyone has had a chance to hear the truth. Some Info Warriors are completely occupied with working in their specific fields and have never seen proof of God. Try to be understanding and patient with people who are looking for truth. It takes time to evaluate, understand and accept all the information of this big topic called the absolute picture.

Insiders and Outsiders

When Satan creates an organization for his use he uses two main classes of people called insiders and outsiders. The insiders are the ones that set up and control the organization and the outsiders are the ones that fill all the roles that are needed for the organization to operate. If Satan is taking over an organization that is already created then he will use his agents to join the organization and work their way into positions of power to control and take over. Many times it is useful to have insiders at lower levels of an organization to do things that the higher levels can't do.

The following is a list of some of the levels in the hierarchy that make up the new world order. These are just generalized groups of people. Think of them as broad categories.

Useful Idiot. (Outsider)

The kind of person that believes the new world order is just a conspiracy theory. These people are not in the secret societies and can be good or evil. There are many reasons that people are useful idiots. They are easily controlled for one reason or another. An example would be a TSA employee or DHS employee. Some may be naive and just trust and obey people who are in a position of authority because they could never imagine someone would be trying to deceive them. Others may just do their job and never think about the bigger picture of how the world works because they spend all their time enjoying the entertainment distractions provided by Satan's new world order like football and drinking alcohol and trying to live their lives like the people they see on television. They are what you would call followers.

Unknowing Co Conspirator. (Outsider)

These are the types of people who can be woken up to the reality of what the new world order is doing and they can be good or evil. These people are not as easily controlled as the useful idiots are because they ask more questions and see a bigger picture but they don't see the absolute picture. They require more lies and manipulation to carry out the plans of the new world order. An example of an unknowing co-conspirator would be an American soldier guarding opium crops for the Taliban to harvest and sell. Most American soldiers are good people and would never keep their enemies drugs safe for future profits that go to their enemies.

They are told a cover story by their leaders who are part of the new world order to guard the opium or the Taliban will kill the opium farmers or launch other attacks on innocent citizens. It is an example of the matrix of false reality and in this case the Americans are the ones in the matrix guarding opium in Afghanistan. The American drug war is another matrix of false reality. It allows the new world order to have secret inside agents on every level and every side of the drug trade which makes it very easy to smuggle new world order drugs for profits. Of course many drug dealers and smugglers are caught and sent to jail but the insiders don't get caught so the process keeps moving forward.

Common Criminals and Organized Crime. (Outsider)

They are not secret society members and can be good or evil. They commit crimes at the local level and a percentage of the money goes to the new world order. The new world order likes to use crime to generate billions of dollars in revenue that they can use without having to be accountable to anyone for spending it. They own the world drug trade, they sell people as slaves and they sell weapons. Any crime they see fit to fill their needs they commit. In the specific case of selling drugs the key to generating profits is to have drug users that pay for drugs regularly. In a large city it is not uncommon to have many thousands of drug users. This many users require hundreds of drug retailers commonly called street dealers. They are like the convenience stores and gas stations and fast food restaurants of the drug trade and they sell single servings by the gram. Just like any retailer the street dealers have suppliers that don't deal directly to the users because the users don't buy large quantities for large sums of money.

The drugs start as very large amounts weighing in the tones from the producers like farmers or chemists. New world order secret society members are involved in the higher levels of the drug trade to make sure things operate properly but it is not necessary or worth the risk for them to manage the lower levels like street dealers and their suppliers.

Low Level Secret Society Members (New World Order Insider)

They are usually evil people not from a royal blood line. Usually they are in a position of power in the government or a prominent member of society like a lawyer, banker, doctor, police, FBI, etc. They commit or just organize and finance major crimes like blackmail, extortion, fraud, murder, drug smuggling etc. they may even only operate on a national level and not even know that the great conspiracy is operating on a global and spiritual level. They receive their orders from higher level insiders when they meet with their secret society members. Illuminati members are part of this level.

High Level Secret Society Members (New World Order Insider)

They are usually from a royal blood line or occult blood line. Any crime goes for these people. They are baby sacrificing and blood drinking Satan worshipers who refer to Satan as Lucifer. That was Satan's former name before God cursed him for his sins. They operate on an international and spiritual level. They are aware of Satan's goals and work as planners and leaders and administrators to help carry out the strategies and policies of Satan to build the new world order. They are N.W.O. members. They are the N.W.O.

Some of Satan's Major Strategies for Creating the New World Order

The reformation caused huge internal problems for Satan's plans. The people of the earth and the very people operating in his catholic church were at risk of becoming protestant Christians if the reformation was not stopped. The reformation also caused another major problem to Satan's plans when the Spanish armada was defeated and failed to invade England. It was a serious setback to the Spanish navy and now England could remain free of the direct control of the Catholic Church and it had a navy strong enough to make it a world power. Satan reorganized his goals and his forces and developed the plan for the new world order that we see in action today.

A former secret society member Roger Morneau tells us about three of Satan's main strategies for building the new world order.

1. Christian Idolatry
 - a. This is the way Satan tricks Christians into sinning by making them believe that the dead are alive somewhere when they are not. The Bible tells us that when you die your spirit is kept safe in Jesus and you have no awareness of time or any dreams or any contact with the living. You are dead. When you pray to saints or believe that there is purgatory you are believing in necromancy. God tells us not to practice necromancy.
2. The Super Deception For A Glorious New Age (Alien Agenda)
 - a. Eventually Satan and the fallen angels will stage a fake alien invasion with two opposing groups. Good aliens and bad aliens. There will be a staged war with the good aliens eventually winning and telling us that they will save us from all our problems like co2 and starvation and all our health problems. They will claim that they created humans by altering ape DNA and that Satan is their leader and thus our god because he is their god.
3. Satan and the fallen angels also have decided to remain hidden from us or else we would know that the Bible is true. If we know they are real and the Bible tells us they are real then that would make the Bible look credible.

Divide and Conquer

The world has been divided into three groups by the N.W.O. Those groups are: 1, the Jews and the Christians. 2, the Moslems. 3, the communists, socialists and fascists. These three groups are used against each other by the N.W.O. to create wars and other problems that the N.W.O. claims they are the answers to. They create the problems and give us their own solutions that enslave us even more.

These three groups that the world is divided into have leaders that are part of the N.W.O. and there are leaders from all three of these groups calling for a N.W.O. by name. Even the United Nations is calling for a N.W.O. These world leaders want the UN to be the global government that is in control of the N.W.O. They try to hide that fact by using deceptive language like telling us that they want global governance not global government but it's exactly the same thing. They just use different words to describe it.
