## Archaeological Evidence Against Evolution

The theory of evolution is worse than a theory, it's a lie. If you look closely at what evolutionists present as proof you will soon realize it's all guessing and assumptions and even outright lies in some cases. In the evolution course at Infowar School there is a lot of evidence proving that evolution is false but let's look at some devastating points here.

First there is what you can consider the silver bullet that kills the theory of evolution with one single fact. There is a chalk layer (cretaceous layer) all around the world on the same layer which proves the entire world was under water at the same time. It is the third layer down with ten layers of fossils below it. The layers of fossils below the chalk layer contain land animals and birds. That means the land animals and birds would have all died so how did evolution start over again? According to their own theories there wouldn't be enough time and there is no fossil evidence of evolution above the chalk layer or on any layer. More about the chalk layer can be found in the evolution course.

But maybe that's not good enough. How about a second silver bullet that made one evolutionist so upset that he had to destroy the evidence. Can you imagine the lack of scientific integrity a person has to have if they destroy evidence just because it proves evolution wrong and God to be real? If you don't like God just reject Him, you have freedom of choice you don't have to make up lies and spread them all around the world just to hate God. What was the proof? A human footprint found inside a dinosaur footprint. You may have heard of a hoax that happened with someone carving a fake footprint to make money through tourism but that was a different footprint. We don't need to rely on hoaxes from criminals committing fraud, we have real evidence. Fortunately the footprint was studied and documented extensively before it was destroyed. More about that footprint and other human footprints mixed with dinosaur footprints can be found in the evolution course.

This is another example of a human and dinosaur footprint mixed together. It is not the one that was destroyed.

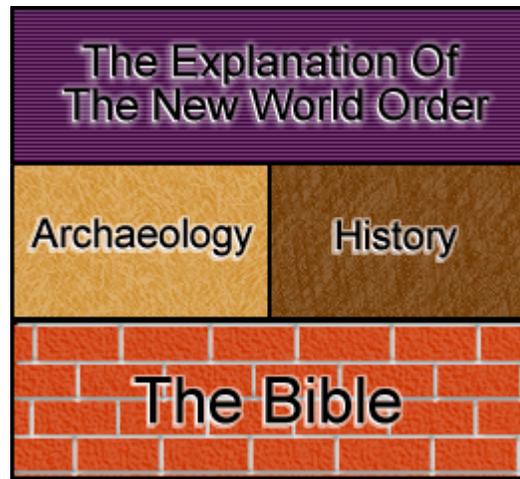

### **Prophecy Proves the Bible is True**

Because the absolute truth and the absolute picture is the Bible, the first thing you should do is check to see if the proof confirming the Bible is accurate. Once the Bible is confirmed to be the highest authority, you can check your facts against the Bible to see if they are true or false as you investigate the New World Order. It is also necessary to prove the alternatives to the Bible to be false in order to fully prove the Bible as the absolute authority. Then you will know for sure that the Bible is undisputed. Evolution has already been proven to be false in the evolution course section so the only alternatives to Christianity are other religions and false Christianity that will be looked at in later sections.

Because the human race is separated from God by sin you can't just travel to God's house and knock on His door and ask Him to provide the proof to the claims found in the Bible. There have been times when humans had direct face to face contact with God such as before the original sin at the Garden of Eden, when Jesus walked the earth and when God chooses people to speak to for specific reasons.

The Bible says that God uses prophecy to show you that you can trust the Bible to be true. A prophecy is God telling you something only He could know about the future before it happens. God uses prophecy so that you can always find the truth because no one can write prophecies that even come close to what He can write.

The explanation of the New World Order and the entire absolute picture is proven by the Bible and the Bible is confirmed by history, science and archaeology. The picture below shows how the facts support each other.

### **Checklist of Methods to Prove the Bible is True**

1. Get the correct Bible. Use the original text line of bibles. The original text is the line of bibles the King James Bible comes from.
2. Check the date the prophecies were written.
3. Check the historical and archeological facts to see if they confirm the prophecies.
4. Check the other parts of the Bible and learn the story of the Bible to see if all the parts are in harmony with each other including the prophecies.
5. Refute all the alternatives to the Bible.

### **Why use the Original text Bible?**

We know there are two main lines of bibles. The line of Original text bibles and the changed bibles. How do we know they are changed?

There are at least two ways of knowing. First, the people who changed the Bible admit they changed it because they are proud of the changes they made. Second, you can read the changes so it's possible to categorize the historical lines of bibles.

### **Check the Dates the Prophecies Were Written**

There is a lot of scientific and archaeological proof confirming the Bible. The proof shows the true dates for when the Bible was written and how it has been preserved over thousands of years.

One important point of evidence is the Dead Sea scrolls because they show the new testament to be accurate and unchanged and they show the book of Daniel to be from an early date. It is important to prove that the Bible is unchanged because we want accurate information; and it is important to prove that the book of Daniel is from an early date to prove that the prophecies in that book were written before the events occurred.

### **Archaeological and Scientific Proof Confirming the Bible**

In some cases exact dates or names have been found carved in stone confirming that the prophecies are true. The Red Sea crossing has been found and proof that dinosaurs lived with humans has been found. Also Noah's Arc has been found and proof of a universal flood has also been found. The reality is that the proof for the Bible is overwhelming. We use history and archeology to build a timeline and compare it to the timelines of the prophecies in the Bible and they match each other which proves the prophecies are correct. Looking at the timeline will also help reveal the battle between Satan and Jesus and how the New World Order came into existence.

### **Parts of the Bible That Are Not Prophecy**

The Bible is not only prophecy. How do we know if the other parts of the Bible are truly from God and accurate today? The meanings and symbols found in the prophecies are also found in the other parts of the Bible. If the prophecies are true then the other parts of the Bible will not contradict the prophecies if they are also true and from God. That is what is seen in the line of Bibles called the original text. There are also literary devices such as typology, chiasmic structure, parallelism, symbolism and others that form a more complex interconnection between the various parts of the Bible.

If new parts are added to the Bible or if parts are removed they will be noticed because the new Bible will not fully make sense. You can see this happen in the other lines of Bibles and there are a number of topics that are changed or removed regularly by Satan and his followers. Those changes can always be spotted because they don't fit with all the other parts of the Bible. For example Satan is usually trying to demote Jesus in the Bible or change who the Antichrist is.

### **What Do the Symbols Mean?**

Prophecies use symbols to give us information and to connect the prophecies to other parts of the Bible. The first nine minutes of the documentary *The Mists of Time* by Walter Veith shows how the meanings of the symbols in the prophecies are revealed. The same symbols are shown in other parts of the Bible with their meanings explained. When you substitute those meanings for the symbols you can understand the prophecies. In a prophecy a beast is a king or a kingdom, a woman is a church, wine is religious doctrine and there are many other symbols.

## **Key Topics of Christianity to Understand the Story of the Bible Properly**

What is Christianity? Why are there so many versions of it? Why do Jews use the first several books of the Bible? The answers to these questions become clear once you see them on a timeline. But first, a very important thing to understand is the Holy Trinity if you want to understand Christianity.

### **The Holy Trinity**

Humans are made in the image of God. You are three parts that make a whole being. You have a body a spirit and a soul which is three parts so that might help you understand the Holy Trinity. God tells us that He is a Holy Trinity made of three distinct persons that are equal and one with each other. Those three distinct persons are called the Father, the Son, and the Holy Spirit. This is what God tells us in the Bible and it does not contradict the prophecies and is even part of the prophecies so it is true. Let's consider why the Holy Trinity is very difficult to understand. First, you can't experience it yourself so you can't understand it through direct experience by becoming a Holy Trinity. Second, no other being has experienced it so they can't tell you about it. All we have is what the Bible tells us. But this is not a problem because our difficulty in fully understanding it doesn't change anything. The proof still stands and it is not dependant on us fully understanding how the Holy Trinity can be one and three at the same time. Knowing about the Holy Trinity is important in understanding Christianity because it helps explain where the name 'Christianity' came from.

The Bible tells us that Jesus is the Son of God from the Holy Trinity. This means that Jesus is God and His part of the Trinity is the Son. When Jesus was called God's only begotten Son it is from the old Greek word *monogenēs* that means unique but people misunderstand and think it means Jesus was created and is not God. This is the same Jesus talked about in the Bible who was from Nazareth and it is the time when God the Son came to earth and set aside His divine powers to be fully human. The title 'Christ' means High Priest, or Anointed. Anointing is the ritual of becoming the high priest by pouring oil onto the forehead. The followers of the Christ (the High Priest) are called Christians. The Christ is a person named Jesus and we call Him 'Jesus Christ' (Jesus the High Priest). Christianity started with the followers of Jesus Christ who were called Christians. Just like followers of Satan are called Satanists.

### **Temple Mount**

The temple mount is an important place for the New World Order. God promised that land to the chosen people of Israel and they built God's temple there on the Temple Mount in 832 B.C. so Satan had to take it over to conquer God's land and people. Eventually the Israelites lost their chosen status with God when they rejected Jesus and the gospel message went to the gentiles to be given to the world in 34 A.D.

The Temple Mount will not be occupied by God again until after Jesus returns and ends evil so it is not a place that needs to be taken in the name of God because God does not want that land anymore. He tells us so in the Bible. However Satan would like us to believe it needs to be taken in the name of God so he can trick people into building his temple there. Prior to 331 A.D. Satan was trying to destroy the Temple Mount but after that date he has been trying to build his own temple there. Satan's new temple will be the third temple that the Jews in Israel are planning to build. Most Jews are deceived by him and some are members of his secret societies who are helping him. The reason Satan chose the exact spot of the Temple Mount to build his temple is because he is now copying Christianity as part of his strategy of building the New World Order. Having the third temple on the mount will help with part of his plan to fake the return of the Messiah (Jesus).

You can divide the history of the earth into two parts when you are describing Satan's plan. The first part is before 331 A.D. when Satan was trying to destroy God's people and set up his own separate religion. The second part is after 331 A.D. when Satan has been trying to destroy God's people but instead of setting up his own separate religion, Satan has been trying to copy God's religion and set up a fake version of Christianity called Catholicism.

After 1000 years Satan is in control of the temple mount and he is using the Jews and Arabs to build the third temple on behalf of the Pope who is Satan's own creation. God did not create the Pope, Satan did.

Satan is forcing a conflict between Judaism and Islam that will lead to the destruction of the dome of the rock so the third temple can be built. The plans and furniture and priests for the third temple are all ready and waiting to be assembled very quickly at the opportune moment and the blame for the destruction of the dome of the rock will fall on someone other than Satan and the Pope because they operate from behind the scene in secret.

### **The Antichrist**

In the Bible the name Antichrist is from the old Greek language not from the Latin language. This is important because the word 'anti' has two different meanings in those languages. In the Bible the name Antichrist means 'in the place of Christ.' It does not mean opposite of Christ or opposed to Christ. Being opposite or opposed to Jesus Christ is not new or special it's something common through history. What is special is the person who is 'in the place of Christ' and that person is the Pope. Yes the Pope. The leader of the Catholic Church. This shouldn't come as a big surprise after learning in the previous section that Satan created the Catholic Church.

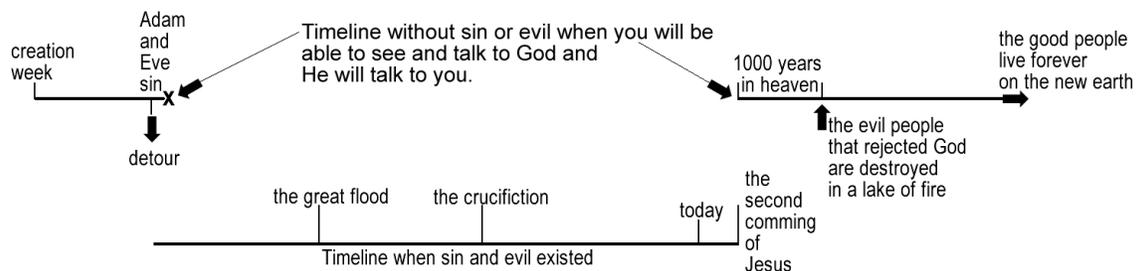

How do we know the Pope is the antichrist? There are at least three ways. First the Bible gives us several criteria for who he is and those criteria are so specific that there can be absolutely no mistake. Second, there is a prophecy in the Bible that tells us who he is. Third, he tells us. The pope has a title called 'Antichristos' which means Antichrist.

The Pope has a title called Antichrist. He says that he is the 'vicar of Christ' here on earth. He claims to speak for God and that he is above the Bible. The pope actually says he is here on earth 'in the place of Christ' as the High Priest of Christianity.

### **God's Original Plan of Creation. Create Angels and Humans for His Glory**

Before God created our universe and earth he created heaven and the angels. God created earth and all the life forms on earth approximately 6000 years ago.

Angels and humans are similar to each other but they have some very big differences. Angels are all masculine and can't reproduce with each other. Humans were created with the intention for them to marry and reproduce. Humans were immortal at the time of creation and they were in contact with God directly. They could all see him and talk to him and hear him. Angels are still immortal.

### **Free Will of Choice**

God created angels and humans with the freedom to choose to obey his laws or to disobey them. Disobedience to God's law is called sin. Sin is separation from God and results in spiritual and physical death.

If no one sinned from the beginning of creation, everything would be fine. We would all go on living forever without knowing evil. If someone sinned and introduced death and separation from God, then something would have to be done about it and that would take another separate plan from God called the plan of salvation. That plan would be used to restore things back to a sin free state. Someone did sin and the plan for salvation had to be used.

Because Lucifer tricked Adam and eve into sinning, mankind was separated from God and will eventually age and die and they will not come back to life unless Jesus raises them from the dead. Only Jesus has the authority to grant us restoration. He has the authority because he paid the price for our sins by dying the spiritual death in our place when he was crucified.

You were not given a choice about being created before you were born but you have the choice of being restored to an immortal state by God or you can choose to be destroyed by God permanently if you really don't want to live forever in paradise.

God does not want to force anyone to do anything so He lets us choose for ourselves. God created you and you get to choose if you wish to remain in existence or not.

### **Lucifer Entices Adam and Eve to Sin and Mankind Dies Spiritually**

On the earth, God had told Adam and Eve to have children and populate the earth and they also had dominion over the earth and the animals. They all lived together happily without knowing evil or death. God gave Adam and Eve one rule: don't eat the fruit of the tree in the middle of the Garden of Eden. The tree and the fruit were just like any other in the garden so there was no temptation of the unknown. No reason to wonder what the difference was. It was only a choice created by designating one single tree from the rest. Putting the tree in the middle was good for helping to identify it so no one would accidentally eat from it.

Lucifer was created by God as a cherub (a type of angel) and he was the first to sin before any angel or human. In heaven Lucifer decided he wanted to receive worship from the other angels like God does and he started a rebellion by telling other angels that God was unfair. Finally there was a war in heaven and Lucifer and his followers lost. The consequence was Lucifer's expulsion from heaven and he was sent down to earth with his followers. He can still go into space and under water or into fire and he has other abilities too.

While Lucifer was on earth after being cast out of heaven, he tricked Adam and Eve into sinning by making them think that it was okay to eat the fruit from the forbidden tree. That tree was called the tree of knowledge of good and evil. Because of this God changed Lucifer's name to Satan. When Adam and Eve ate the fruit from the forbidden tree they committed sin and became separated from God. They now had knowledge of good and evil and the consequences of their sin was to lose their immortality. They eventually died. Every generation since Adam and Eve has been tainted by the knowledge of good and evil but we still have the freedom to choose not to be evil and follow God's rules. To make things worse, Satan is still alive on earth trying to make us sin more and more.

### **Plan of Salvation. How God Will Restore Us to a Sin Free State**

God provides a way for the mortal sinners to regain their immortality and live forever in heaven. All they have to do is choose to obey God and try the best they can to avoid evil. It is impossible for anyone tainted by sin to be perfect without being made perfect by God. God knows everything and he knows who is truly sorry for their sins and who is not.

Even if a person is tricked by Satan and calls God by the wrong name because they are following a false religion. God knows who truly chooses good over evil.

Many people are tricked into doing evil by Satan so always be aware. But God even knows who was tricked into doing evil and he takes everything into account. You cannot fool God. He knows all.

Many people have died during the history of the earth. Some of those dead people have rejected God but most have not. The ones that have not rejected God will be raised from the dead when God returns and will live forever. The ones that have rejected God will be raised from the dead 1000 years later and destroyed permanently in a lake of fire. This means that you can die two times or just once. If you die a second time in the lake of fire it is permanent. You do not come back to life. Your flesh and spirit are destroyed. The first time you die, only your body of flesh dies and your spirit sleeps in heaven and is kept safe by God. You do not dream or have any awareness at all when you are dead. From The time your flesh dies until the time you are raised from the dead is instantaneous to you. So there is a difference between the first and second death. Some people will never die even once. If you are alive when God returns and you are saved by Him, you will be translated into immortality and be spared from the lake of fire and never experience death. If you were born too soon and can't live until the day of return, then your flesh body will die and your spirit will sleep in heaven kept safe by God.

Being unforgiven by God is punished by the second death in the lake of fire. That means a permanent death that you do not come back from. If you choose to accept God and reject sin you can be forgiven and be spared from the second permanent death.

God paid the price of our sins to save mankind when he died the spiritual death in our place on the cross so that we don't have to die permanently. Jesus is God because He is part of the Holy Trinity. God could not just say, "Okay since you changed or choose good over evil I'll forgive you", God had to also bear the punishment for justice to be fulfilled and to be accountable to us all according to His own law. He had to pay the price and the price was death. When Jesus who is God, died on the cross, He died the second spiritual death in our place. If He didn't, the price would be paid by us in the lake of fire and we would remain dead forever.

Restoration happens after everyone has a chance to be born and God proves Satan is wrong by showing the world the results of evil because God is going to destroy evil permanently. We are almost at that time now. Almost the entire timeline written in the Bible leading up to Jesus' return has passed.

By waiting 6000 years God has given many generations a chance to be born so they can live forever just as He intended. He has also shown everyone that separation from God results in death and suffering. Therefore, when we watch God permanently destroy the evil people in a lake of fire, we will have all of our questions answered and we will know that permanently destroying those evil angels and humans is correct and justified. There will be no lingering doubt about God or God's laws because all the actions taken by Satan himself over his own life span will disprove Satan's own claims.

And it is important to have the choice to accept or reject God for us to truly have freedom or else we would just be robots or slaves incapable of true love.

Life is a choice not a test. Unless Jesus raises you from the dead or translates you to immortality because you were alive when He returned, you will die. Nobody can become immortal on their own.

If life was a test it would mean that you could make it to immortality by yourself because you can pass a test all by yourself. That's the purpose of a test. To do it alone. You cannot make it to heaven alone. Jesus has to raise you from the dead or translate your living body because you were still alive at His return. You have to choose between good and evil. You have to choose between Jesus and Satan.

### **Some Common Objections to Christianity**

There are some familiar arguments against the Bible that claim the Bible is not true and that there is some other explanation of the absolute picture of reality. Alternatives to the Bible such as other religions, evolution or aliens. Those arguments have to be proven false if Christianity is to be undisputed.

Because humans and the angels cast out of heaven are in a fallen sinful state, God will not let any other life come to earth. Even if we explore outer space we will not discover any other civilizations because we are tainted with evil and God will not let us spread it to corrupt other worlds if there are any. If we do find any new alien life forms it will only be the fallen angels pretending to be another race from another planet.

There is no point in trying to contact or look for life outside of our planet or to fear an alien invasion. Satan is using alien contact as a cover story for the activities of himself and the fallen angels and when he is ready to reveal himself and the fallen angels many of them will claim to be aliens from another planet but that is not true. They don't want you to know they exist or else you will know that the Bible is true. Keeping themselves hidden is one method they are using to hide evidence that proves the Bible to be true. In the past people did see them when they didn't hide and people were much more religious in the past because of it. Now we think those stories are just old superstitions about ghosts, vampires and werewolves. If people knew for sure that Satan and the fallen angels were real and active they would not be able to trick people into believing in evolution and ghosts. Evolution and ghosts play an important role in the manipulations of the N.W.O. against us.

### **Other Religions**

#### **Pagan Religions**

Satan has created many false religions during the earth's 6000 year old history. After God flooded the earth and Noah and the arc landed, Satan started planning to take over God's position again. In a hundred years Satan had the tower of Babel under construction and all the people were under his control.

Then God confused the people of the earth by creating different languages so they wouldn't understand each other and it caused them to be scattered all over the earth. Those scattered people didn't lose their satanic Babylonian religion. They just lived in a new place and spoke a new language and they carried on their pagan form of religion. Over time differences grew between the pagans that were scattered around the world and their pagan practices became distinct to their nations and are the ancient religions we study today.

### Judaism

The Jews were Gods chosen people. He chose them to carry His message to the world and they did for over a thousand years. The problem was they stopped following God's plan when they refused to recognize Jesus as the Messiah so God had to give the gentiles His message to carry to the world. Judaism still exists but they are not following God's plan. Judaism has become contaminated with satanic teachings.

### Catholicism

God calls the Catholic Church the whore of Babylon. It is stated clearly in the Bible. The word catholic means universal. It is Satan's universal religion.

When Jesus came to earth to fulfill prophecy and die the second death in our place for our sins, Christianity started. The Christians were the followers of Jesus. If the Jews didn't reject Jesus then His followers would all be called Jewish. But since the Jews were not following Jesus, another name for His followers had to be used and they were called Christians due to His title as the Christ.

Christianity was spreading and Satan knew that his pagan religions could not stop it so Satan decided to infiltrate, counterfeit and take over Christianity. Satan created the Catholic Church and claimed it is the leader of Christianity world wide and used it to spread false Christian scriptures. He used his Catholic church to persecute anyone who was spreading true Christian scriptures. Satan knows that what is written in the Bible is God's plan and Satan is using the Catholic Church to take over God's plan.

### Islam

Islam and Christianity are not compatible but Catholicism and Islam are compatible. The teachings are very similar. There is a strong Catholic connection to Islam. Muhammad was married to a Catholic woman and it was a Catholic that confirmed Muhammad's visions as being from God. According to a former Jesuit priest named Alberto Rivera, Muhammad was really a Catholic false prophet used to convert Arab pagans to Catholicism to increase the churches power in Arabia and to block the Arabs from receiving the true message of God which was spreading. Alberto says he was told that the Catholic Church lost control of the Arabs and those catholic Arabs formed Islam over time. Satan and The Catholic Church have since regained control of Islam secretly.
