 SATAN FINALLY SETS UP THE HOLY ROMAN EMPIRE TO TRY AND TAKE OVER THE EARTH.....17

Regular Training Introduction

Regular Training is meant to help you become familiar with the main points on the timeline of history. the timeline of history is one of the most important items to study and understand because it will clearly reveal all that has happened and it will help organize all those events so you can understand them. Then you will be able to clearly see the absolute picture and understand the N.W.O.

In The first topic we will explain why the Bible was not written from the beginning of creation. The second topic will use the Bible to build the entire timeline from creation week until our present time by putting some important points onto the timeline from the historical parts of the Bible and from the prophetic parts of the Bible. Next we will have a brief introduction to some of the prophcies from the book of Daniel and the book of Revelation which are covered in more detail in the religion course. And finally we will have an introduction to satan's activities durring a specific time period which is the time period from a prophecy in Daniel chapter 2. that time period gives us the kingdoms satan used to try and take over the world while the Bible was being written and even up to our present time.

Timeline of the Bible being written

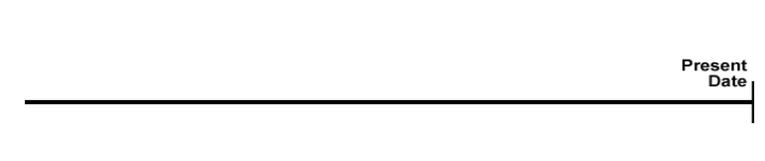

The Bible didn't need to be written from day one of creation week. People didn't need it until a little over 2000 years after creation week. After a long time people needed the Bible so they would not loose the story of God and creation and to know how God would restore us so we can live forever in paradise as He intended us to live. Let's look at the timeline to understand how the pieces fit together and find out why the Bible didn't need to be written from the time of creation.

1. Before God created the universe He created the angels and they lived together in heaven.
2. Then God created the universe and our planet with humans and other life during the six days of creation. God rested from His labours on day seven, Saturday, and spent time with His creations.
3. Adam and eve were the first two humans and Adam lived 930 years. Humans were already cut off from God by this time becuase Adam and Eve ate the forbidden fruit so humans could not talk to God face to face. But being able to speak with the first two humans ever created who are your parents or grandparents would make sure God's message was known because they would tell you how they were created and everything God told them. Satan and the fallen angels were also there and did not hide themselves as they openly opposed God so that helped people see both sides of the story.
4. a person named Methuselah who talked with Adam for 243 years wrote the story Adam told him on two pillars. One of stone and one of brass. Therefore, After Adam died at 930 years of age, people could still know the history of God by reading the pillars and there were still people alive who know Adam and Eve personnally and spoke with them so they could tell the story to others.

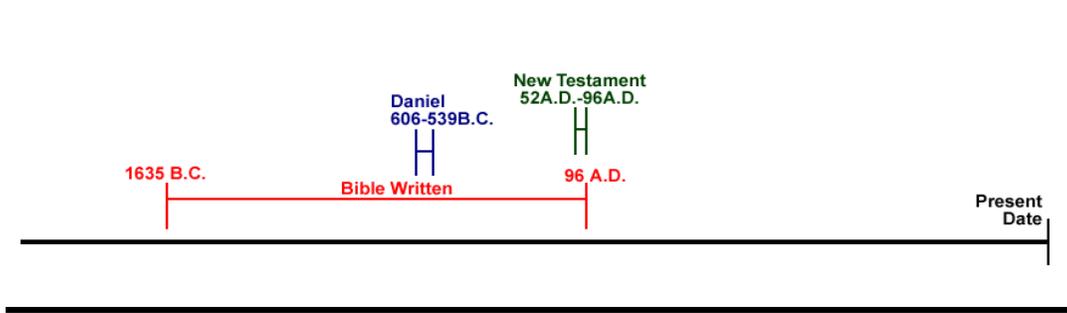

5. Noah was born about 130 years after Adam died but talked with the people who knew Adam for hundreds of years and Noah could read the two pillars.
6. 1656 years after God created the earth (2348 B.C.), He destroyed it by flood because Satan had corrupted the humans so fully and completely except for Noah and his family. Satan had taken over the earth at that point.
7. The flood lasted 100 days and then humanity started over from Noah's family. Noah and his family knew the story of God and they told their children so the Bible still was not needed.
8. Within 103 years Satan had corrupted the small centralized population of earth and had almost fully built the tower of Babel so God created many different languages so people couldn't communicate with each other and they migrated to different parts of the earth. God had already told them to spread out over the earth but they didn't listen. Each group of people with their new language formed a nation and its own version of Satan's Babylonian religion. They all use the father, mother, son system and they just use different names because they spoke different languages. It's Satan's version of the Father, Son, Spirit of the Holy Trinity. That is why there are so many similarities among the 'Pagan' religions.
9. After approximately 500 years from the scattering of the people from Babylon and the tower of Babel, God started writing the Bible through His prophets that were inspired by the Holy Spirit. He had to because His story was not transmitted by anyone anymore by this time. It had been 2369 years since the creation of earth. The different books of the Bible would be written over a time period of about 1700 years starting in 1635B.C. and ending in 96 AD.
10. God chose the Israelite tribes to carry His Bible and they did for about 1630 years until they rejected Jesus so God gave His message (the Bible) to the gentiles (non Jews) to carry. The Jews only carried the Old Testament because that was all that was written at that time before they rejected Jesus.
11. After Jesus was crucified and then rose from the dead and finally returned to heaven, God Inspired the gentiles to write the New Testament and the Bible was finally complete.

Building the timeline of the absolute picture

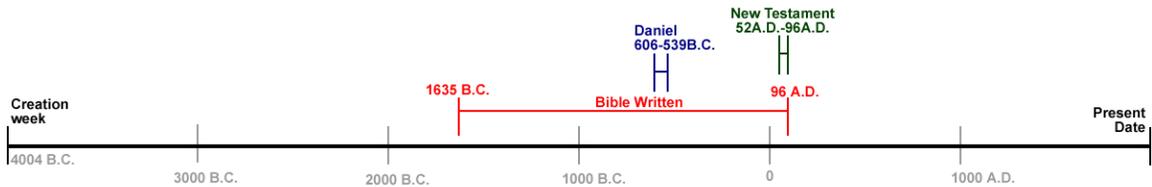

this will be the first timeline we create one step at a time and it will cover the entire history of the world from creation week until our present time. Not every single event that is part of the infowar will be shown, just the important starting points. Proof will be shown in the religion course and this topic will just build the timeline so we can learn one step at a time. we start by putting our present time on the timeline.

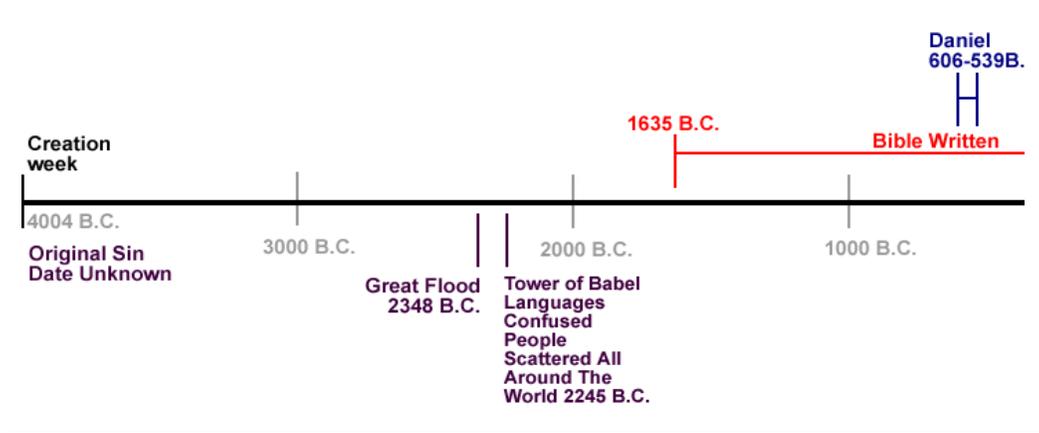

now we put the time period of when the Bible was written on the timeline and the dates of the book of Daniel and the book of Revelation. The Bible is a collection of books written over the time period shown in the color red on the timeline.

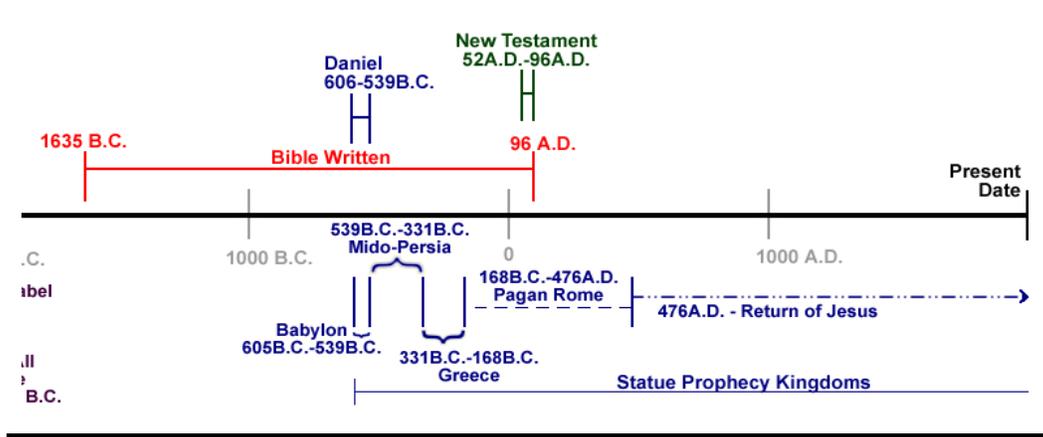

Now we add the beginning of the timeline because the Bible tells us that the world was created 4004 years B.C.

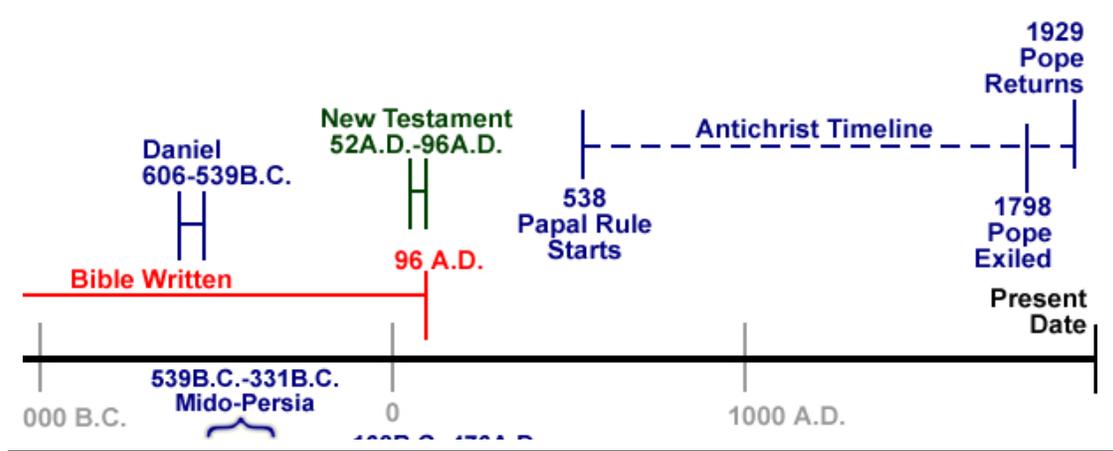

now we add some of the major events that the Bible tells us happened on earth before It was written.

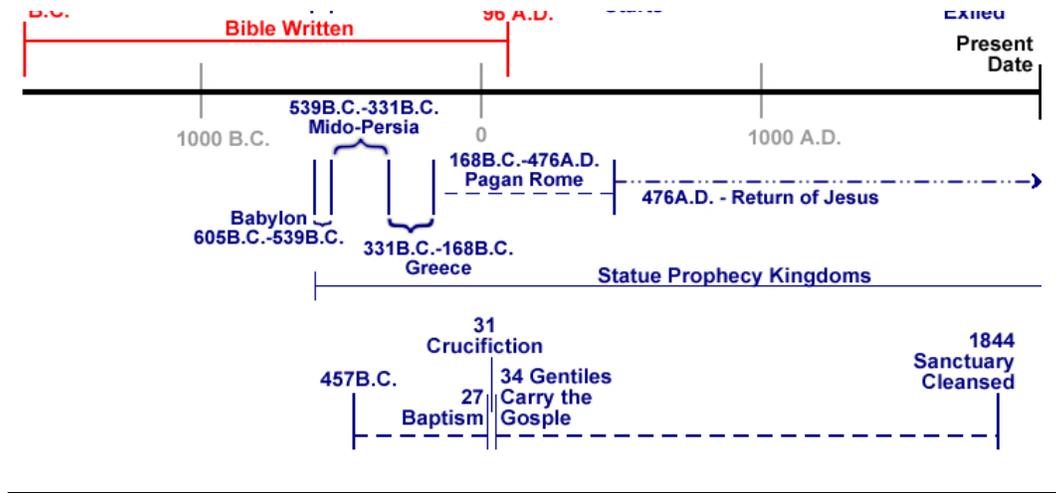

now we add the prophecy from Daniel chapter 2 which tells us the kingdoms that will come to pass which will be used by satan to try and take over the world.

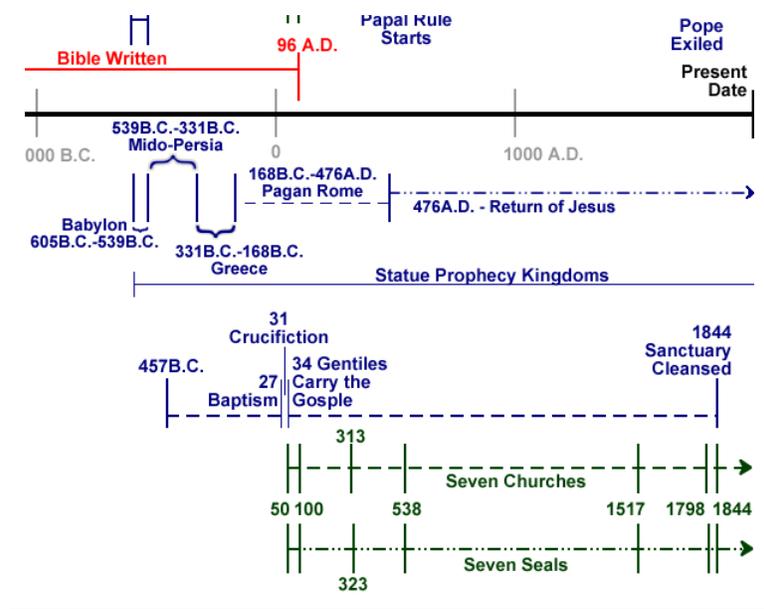

now we add the prophecy that tells us who the Antichrist is and some important times during his reign. The Antichrist is the Pope who puts himself in the place of Christ. That's why the time period spans hundreds of years. There is always a new Pope taking over where the old one left off. Whoever is the Pope is the Antichrist.

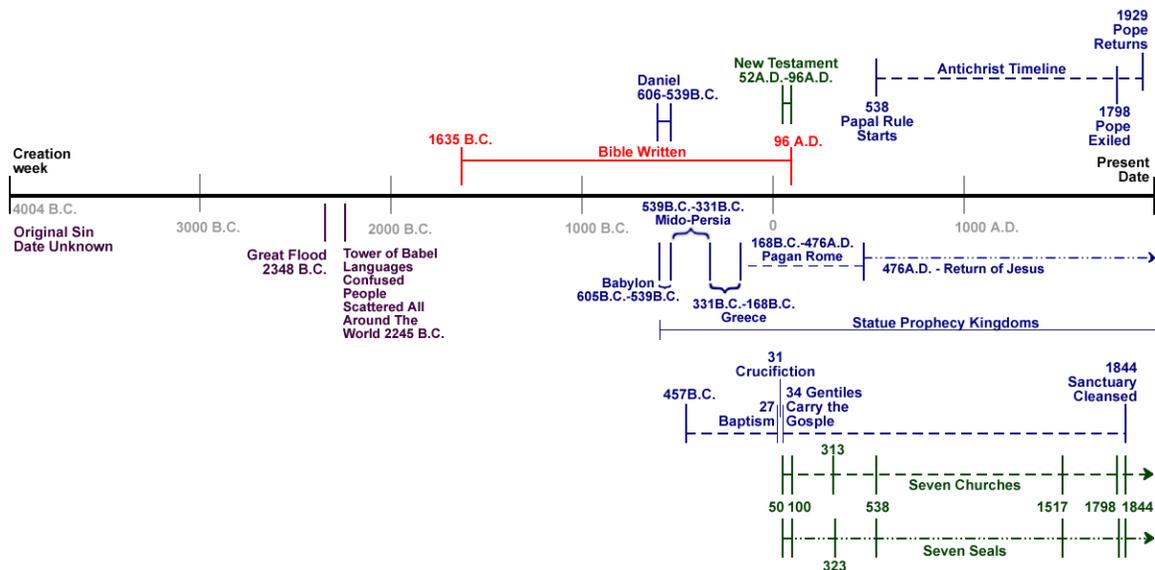

the Messiah prophecy from the book of Daniel is the next time period to be added to the timeline.

Last are two prophecies from the book of Revelation that both cover the same seven time periods but tell us about different information in each of the seven time periods.

This is the timeline of history with the major important points that prove the Bible to be true. examining the proof requires a more detailed study that you can find in the religion course at Infowar School.

Introduction to the Prophecies

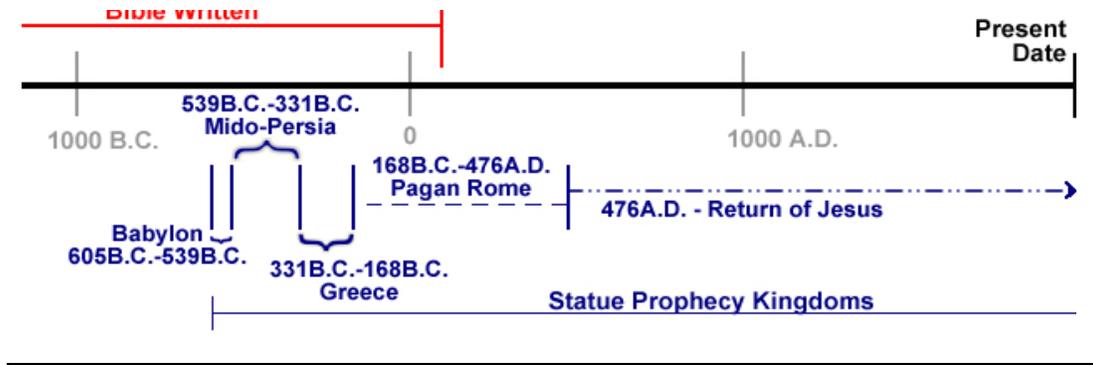

The following are a brief introduction and overview of the timelines of some of the prophecies from the bible. More details are found in the religion course at infowarschool.com.

The prophecies in the Bible tell us about the important topics in Christianity and the timelines of the past and future. Why do the prophecies tell us about the past and the future when prophecies are always about the future? It's because we are living in a time after almost every prophecy has been fulfilled. Because almost all of the prophecies have already happened they are now history from our point of view. All we have to do now is confirm that the prophecies were written before the events happened and those details will be shown in the religion course at Infowar School.

Many of the prophecies repeat concepts and time periods. The repetition helps to confirm their meanings. You will see prophecies that tell us about the same time period and each one of those prophecies adds more details to the story so that we have a better picture of what is happening. The earliest parts of the prophetic timelines are about Babylon and those timelines extend all the way until the return of Jesus. Those prophecies are found in the book of Daniel. The book of Revelation has prophecies that tell us about the time period starting from the first century until the return of Jesus. There are prophecies in other books of the Bible but we are going to look at the ones in the book of Daniel and the book of Revelation first.

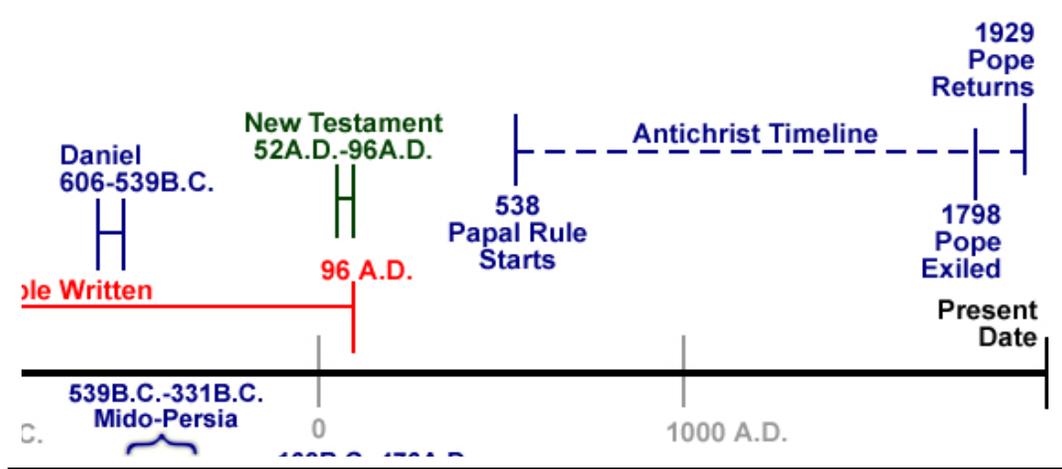

Prophecy from the Book of Daniel Chapter 2

In this prophecy we are given the timeline of the kingdoms that Satan will use to try and take over the world. The prophecy comes from the book of Daniel and it was written in the 6th century B.C. The kingdoms are given to us in their order of appearance as the timeline of earth progresses without the exact dates when they arrive. The kingdoms are Babylon, Medo-Persia, Greece, pagan Rome and the ten kingdoms that arose after western Rome fell (The Holy Roman Empire).

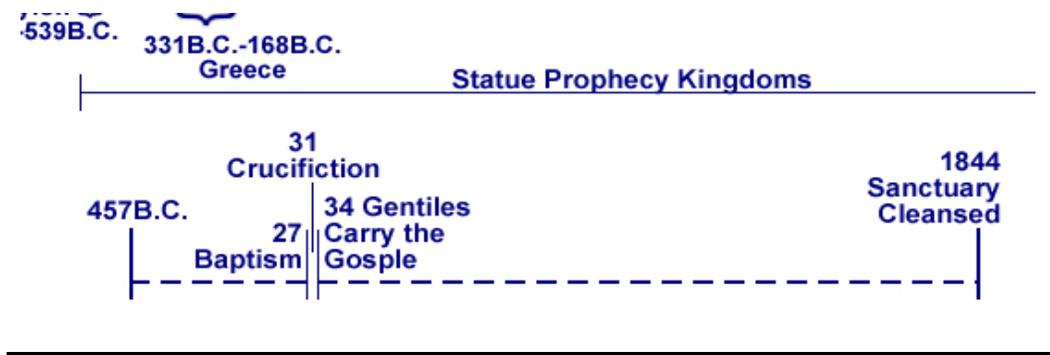

Prophecy from the Book of Daniel Chapter 7

In this prophecy the kingdoms Satan uses to take over the earth are repeated and the rise of the antichrist is predicted. The antichrist is also identified as the Pope. The exact year that the antichrist loses his political power is also predicted and his political power being restored is also predicted.

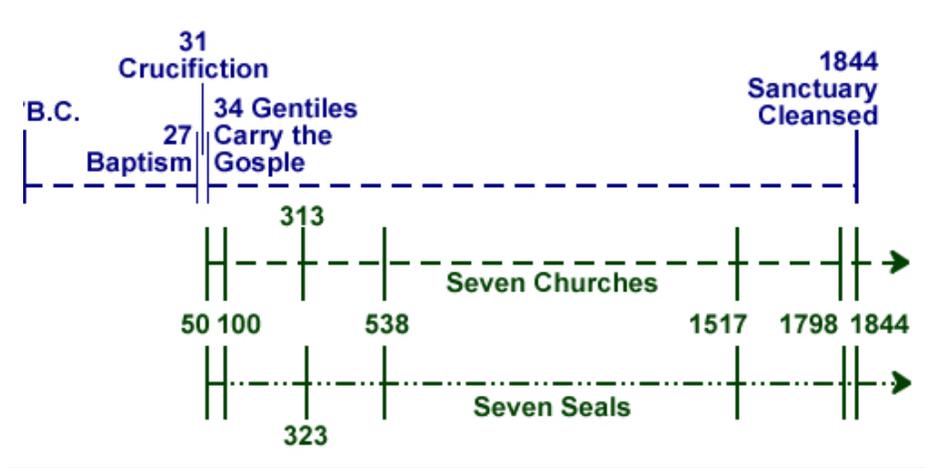

Prophecy from the Book of Daniel Chapter 8 and 9

This prophecy is a timeline of when Jesus will be baptized and crucified and when the Jews will no longer carry God’s message to the world. The timeline is just a part of a larger timeline that is part of a larger prophecy from Daniel chapter 8. There is also another important date given in these two chapters which is 1844. 1844 is important because it is when Jesus moves from the holy chamber to the most holy chamber in the heavenly sanctuary. The reason it is an important date is because it helps us understand the timeline of the book of Revelation. The book of Revelation is written with a special plot structure called a chiasm which helps us to make sure we keep the events of the timeline in the right place. The year 1844 is part of the chiasm structure of Revelation and the date helps us to know where on the timeline to plot the points of the prophecies from Revelation.

Prophecies from the Book of Revelation Chapters 2 to 9

In these chapters the same timelines are repeated with different details. Seven time periods are given which tell us about the state of the Christian churches, the attacks on the Bible by Satan and other details specific to those time periods. The time periods are from the first century until the return of Jesus. The time periods tell us about the condition of the Christian church through history and the condition of the Gospel message through history.

Satan's Activities in Trying to Take Over the World from Creation Until 1588

These timelines are from the prophecy in the book of Daniel chapter 2 but included are the attempts of satan from even before the prophecy begins so we can see all of satans timeline of activity. It is the timeline of the kingdoms that Satan used to try to take over the world. we will look at these kingdoms and Satan's attempts and add a little bit more detail. It's not an indepth analysis, just the goals and main strategy of satan and the type of religion that he used at the time of his world take over attempt. God's responses to stop satan are also noted.

Satan Becomes Corrupted and Creates a Rebellion in Heaven

Satan's goals: become higher than God and receive the worship from all that God had created.

Satan's action: Satan starts spreading rumors and doubts about God. Eventually a war takes place in heaven Satan and his followers loose the battle.

God's response: God casts Satan and his followers down to the earth and confines them there.

On Earth Satan Tricks Adam and Eve Into Sinning

Satan's goals: become higher than God and receive the worship from all that God had created. Corrupt and trick Adam and eve into worshipping him instead of God.

Satan's action: Satan appears as a serpent who is a wise creature. He tricks Adam and eve into eating from the forbidden tree. It is his first step in his plan to drive the first human generation away from God and into worshipping him instead.

God's response: God curses Satan for tricking Adam and eve. God curses Adam and eve for disobeying Him. God promises to return humans and the earth back to their former state before they were cursed and end evil forever after a certain amount of time has passed.

Satan Corrupts the Entire Earth Except for Noah and his Family

Satan's goals: become higher than God and receive the worship from all that God had created. Use false religion to trick people into worshipping Satan.

Satan's actions: after 1656 years Satan and his followers are able to almost completely corrupt the population of the earth. Noah and his family are not corrupted.

God's response: God destroys the earth with a flood but spares Noah and his family and enough animals to replenish the earth for future generations. Noah and his family are the only humans left alive after the flood and replenish the earth with humans. God promises never to destroy the earth again.

After the Great Flood the Tower of Babel Built and Satan Unifies the Population

Situation: the ark landed on Mount Tendürek in eastern Turkey near Mount Ararat. The population of the world was concentrated in a small area in the Middle East and they spoke a single language.

Satan's goals: become higher than God and receive the worship from all that God had created. Use false religion to trick people into worshipping Satan.

Satan's actions: Satan was able to quickly get almost everyone to worship him within just over 100 years and they were all under the rule of Nimrod who followed Satan.

Religious unity: the pagan system of sun worship had three main aspects: the father, mother, and the son.

In ancient Chaldean times, these were the gods Bell or Merodach, Ninus the son who was also worshiped as Tammuz, and the female goddess Rhea who was also worshiped as Ishtar, Astarte, or Beltis. The Holy Trinity is Father, Son, Spirit not father, mother and son.

God's response: scatter the people around the entire globe by confusing their language. Now instead of everyone speaking the same language, there were many languages spoken by different groups of people. Some Major nations created after the people are scattered around the world are: Canaan, Egypt, Babylon, Greece, China.

Satan Tries to Use Egypt to Dominate the World

Situation: the people are scattered all over the earth and have different rulers and different versions of their old religions from Babylon. After close to three hundred years God calls a man named Abraham out of his homeland and tells him to go to the land of Canaan. God had chosen Abraham and his descendants to reveal His plan to the world. The Bible begins being written.

Satan's new goals:

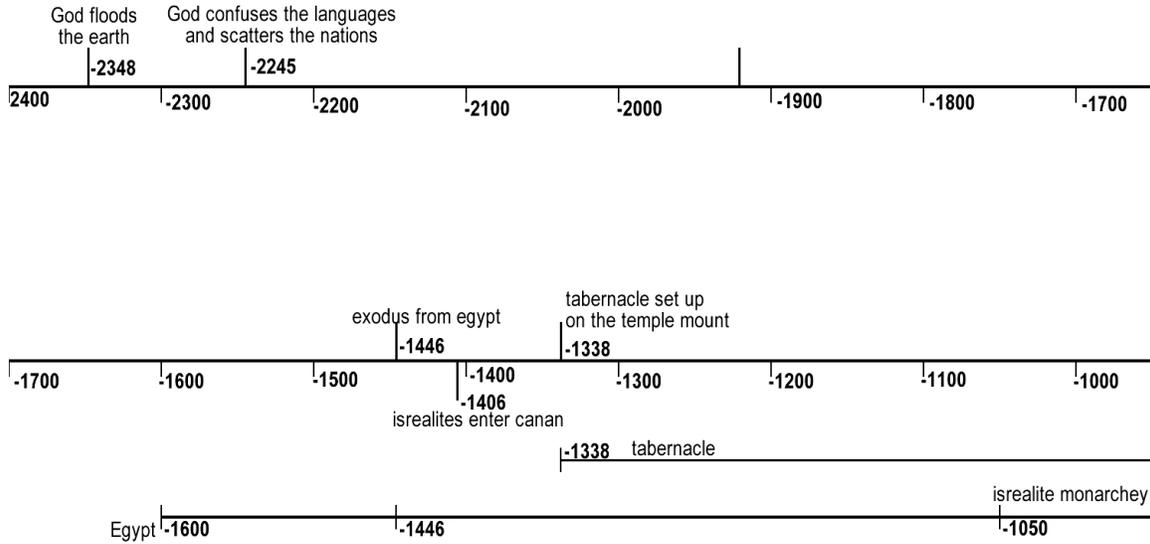

1. Reunite the world under a single ruler

- a. Satan tries to use Egypt to conquer the world and it becomes the dominate power in the region but it fails to reach the people on the undiscovered continents who traveled there before the ice and land gave way to water and cut off those continents.

2. Reunite the world under a single religion

- a. The people scattered around the world are not following God and instead have some type of pagan system that came with them when they were scattered away from Babel.
- b. Egypt is using the father mother son worship system.
- c. Enslave the Israelite people because they are becoming too numerous and they are the chosen people of God.

God's response: The dominance of Egypt is ended by the plagues and the killing of pharaoh and his army at the Red Sea crossing. The seven plagues show that the pharaoh has no power over God. Each plague is a specific attack on one of Satan's false gods. Moses leads the Israelites out of Egypt across the Red Sea and into the promise land where Canaan is and it becomes Israel.

Satan Tries to use Babylon to Take Over the Earth

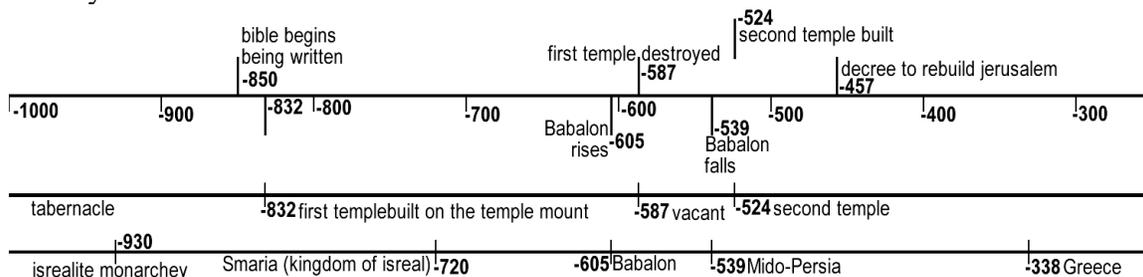

Situation: over the next four hundred years the Israelite monarchy becomes the kingdom of Israel and the first temple on the mount is built.

Satan's new goals:

1. Reunite the world under a single ruler
 - a. Use Babylon to conquer the world.
 - b. Conquer God's chosen people of Israel.
 - c. Destroy the temple on the mount
2. Reunite the world under a single religion
 - a. Babylon is using the father mother son worship system.
 - b. Destroy the Bible.

Satan's actions: Satan uses Babylon to conquer Israel and destroy the temple mount. Babylon becomes the dominate power in the world.

God's response: Babylon is conquered by Medo-Persia. The temple on the mount and the city of Jerusalem are rebuilt.

Medo-Persia is the Dominant Power in the World

Medo-Persia

Situation: Israel has been taken from Babylon by Medo-Persia and the people of Israel are free to worship God and have their temple on the mount. The temple on the mount is rebuilt.

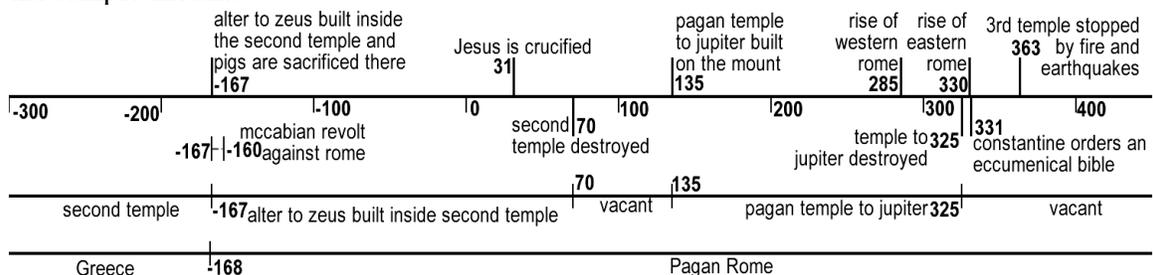

Satan Tries to use Greece to Take Over the Earth

situation: Israel has been taken from Babylon by Medo-Persia and the people of Israel are free to worship God and have their temple on the mount.

Satan's new goals:

1. Reunite the world under a single ruler
 - a. use Greece to become the dominate power and take over the world.
 - b. Take over the promise land of Israel from Medo-Persia. Satan does not want Medo-Persia as the dominant power because its ruler lets the Israelites rebuild the temple mount and worship God there.
2. Reunite the world under a single religion
 - a. Greece is using the father mother son worship system.
 - b. Take over the temple on mount in Israel and build an altar to Zeus inside the temple.

Satan's actions: Satan uses Alexander the great to try to conquer the world but like the others he does not make it to the new continents or the very Far East. Greece conquers Israel and the temple mount from Medo-Persia. In 167 B.C. the Greek empire builds an alter to Jupiter and sacrifices pigs in the temple on the mount. After Alexander the great dies unexpectedly the Greek empire becomes divided. The Judeans rebel and take back the temple mount.

Satan Tries to Use Pagan Rome to Take Over the Earth

Situation: Israel is controlled by God's people and the temple on the mount is under their control because Greece was having problems with their ruler and the people of Israel were able to rebel against the Greek rulership.

Satan's new goals:

1. Reunite the world under a single ruler
 - a. Satan tries to use pagan Rome and it becomes the dominate power in the world.
 - b. Take over the promise land of Israel
 - c. Conquer God's chosen people of Israel.
2. Reunite the world under a single religion
 - a. Rome is using the pagan father mother son worship system.
 - b. Destroy the temple on the temple mount in Israel and build a temple for Satan

Satan's actions: Israel is taken over by Rome. In 70 A.D. the second temple is destroyed and in 135 A.D. a pagan temple to Jupiter is built on the temple mount.

God's response: Jesus comes to earth and Christianity starts to spread and cannot be stopped by Satan no matter how much Rome persecutes the Christians using pagan Rome.

Satan Starts His Plans to Create the Holy Roman Empire to Take Over the Earth

Situation: pagan Rome is falling to its own corruption and is obviously doomed. Christianity is spreading and it's obvious to Satan that it can't be wiped out. The Bible is complete and Satan now knows God's final plan. Satan can't stop God so he is trying to change the meaning of God's plan to trick us into following him by creating the Catholic Church.

The year 312 is a major turning point in Satan's strategy. Satan is no longer using his own created religion while trying to destroy God's true religion. Now he is trying to take over God's religion by changing a few details in the Bible and mixing his old pagan religious system into true Christianity. This is because he knows that he will never be able to wipe out Christianity and the best Satan can do is try to take it over. This point is where history is divided into two distinct halves. Before the year 312 Satan tried to take over the world by using his own pagan religions and after the year 312 Satan would always try to pretend to be the Christian church by creating the Catholic religion to be his own version of Christianity. Satan would use the Catholic Church to kill true Christians by calling them heretics.

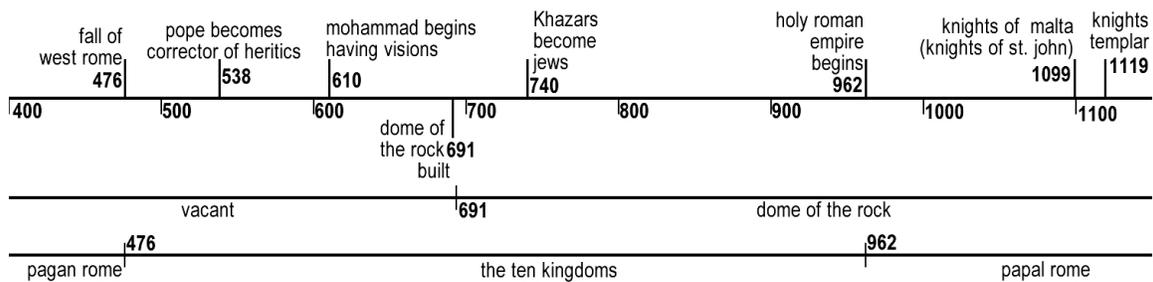

Satan's new goals:

1. Reunite the world under a single ruler.
 - a. Satan tries to use papal Rome and it becomes the dominate power in the world.
2. Reunite the world under a single religion
 - a. Rome is using the father mother son worship system. It is disguised as true Christianity because the names of the pagan gods are given names of saints. Since true Christianity is becoming too difficult to wipe out it has to be also co-opted (secretly taken over and changed). To people on the outside Rome now looks Christian but to the insiders it is still pagan and they secretly worship Satan. Satan calls it the Catholic religion.
 - b. Rebuild the temple on the mount and place the pope as the high priest of the temple. Satan will use this new third temple to give false meaning to the prophecies told by God.
3. **Satan's actions:**
 - a. Move the seat of power from west Rome to east Rome to differentiate between pagan and holy Rome
 - b. In 331 A.D. Constantine orders an ecumenical bible to change the meaning of the true Bible.
 - c. Remove the temple to Jupiter on the mount and allow the Jews to replace it with their third temple.
 - d. Make the pope corrector of heretics so that people with the true message from God can be called heretics and killed.

- e. Create a Catholic prophet to convince the Arabs that would not convert to Catholicism and to keep the Arabs in North Africa from learning the true gospel. The pope also needed more soldiers for his army and the Arabs could be used for this purpose if they were Catholic.

God's response: God stops the Jews from rebuilding the temple on the mount with earthquakes and fire that comes out of the earth.

Other set backs: The Arabs who followed the new Catholic false prophet Mohammed conquered Jerusalem after Mohammed died but double cross the pope and they do not hand it over to the pope. They build the dome of the rock instead of the third temple. Soon they form into the religion of Islam. They run out of control and try to conquer the world starting with Europe.

Satan Finally Sets up the Holy Roman Empire to Try and Take Over the Earth

Situation: Satan has had two major setbacks in setting up the Holy Roman Empire when God stopped the Jews from rebuilding the temple on the mount and when the Arabs double crossed the pope and did not hand over Jerusalem. Even so he finally sets up the Holy Roman Empire. But there are new setbacks to deal with.

Satan's new goals:

1. Find another group of people to remove the dome of the rock to make way for the third temple.
2. Regain control of the Catholic Church in the east because after several hundred years they stopped recognizing the pope in Rome as their leader.

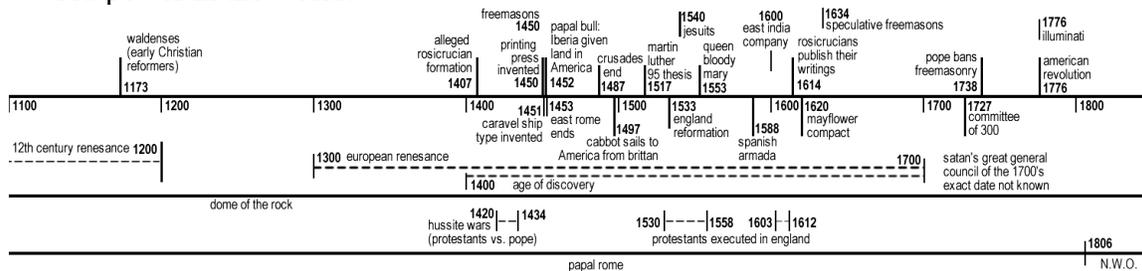

Satan's actions:

1. Convert the Khazars to Talmudism so they would want to return to the holy land and build the third temple. Talmudism is another creation of Satan's because it is different from Judaism and it degrades Jesus. They could be used to remove the new Islamic Arabs and the dome of the rock without blame falling on the Pope.
2. Create the knights templar and other knights to start the crusades to take the temple mount for the pope and to reunite the east and west Catholic churches by force.

Set backs:

1. The crusaders had some effect but failed to capture and hold the temple mount permanently.
2. Printing press is invented in 1450 and copies of the Bible begin to be mass produced.
3. Caravel ship is developed in 1451 and travel to other continents becomes possible. Now Christians might escape to other lands and spread.
4. The east west schism of 1054. This is when Russia in the east stopped recognizing the pope as their ruler but remained Catholic and created their own pope.

5. True Christianity starts becoming known by Catholics and reformers start emerging in the twelfth century. The reformers slowly accelerate until there is a major reformation in the sixteenth century that seriously affects the Catholic Church and several countries in Europe. The Catholic Spanish armada is sent to stop the reformation in England and is defeated and the protestant England becomes the major sea power in the world.

These setbacks were so great that a completely new plan was needed to achieve his goals. There were three main problems. First the reformation had identified the Catholic Church and the pope for what they really are, creations of Satan and the printing press had allowed the world of God to spread all over.

Second the defeat of the Spanish armada left England as the new great sea power in the world and that would let true Christians spread to the new world (American continents) and it meant that Satan would loose control of the new world. Satan wanted Catholic Spain with its great navy to conquer the new world and put it under Catholic control. That's why the pope gave Spain land rights to the new world.

Third, it would take Satan hundreds of years to regain control of the world and by that time great advances in technology would have taken place and Satan would have to control these advances in science and technology so the true Christians would not have an advantage over him. The new plan would have to account for these three major problems. The new plan would be called the great deception and it was designed to build the new world order.
