## **The Meaning of the Phrase New World Order**

The new world order is not a single secret society. It is all the secret societies. The name 'new world order' is used to describe two things. There is a group of humans and spirits that are trying to create what they call a 'new world order'. It is their vision of the world after they are finished rearranging things to the way they like it with them in charge of course. That group of people and spirits are called 'members of the new world order' but that phrase is usually shortened to 'new world order'. It's similar to the term 'government' which can refer to only the humans that are working as part of the government or the entire government including all the buildings and the equipment and the laws. So the new world order is the name of a group of people and it is the name of that group's vision for the world they want to create.

All the secret societies are working together to build the N.W.O. and they are part of the N.W.O. they are very far along in their plan and a great deal of the N.W.O. is already built like their world government, which is the united nations, and their world financial system which is the world banks. They have even built large parts of their technocratic dictatorship which includes a world surveillance grid and social credit system that stops people from having access to banking and travel if they are not following the N.W.O. rules.

## **When the New World Order Started**

The new world order was started in 1588 when the Spanish armada was destroyed in their fight against England. In the decades leading up to the attack by the Spanish armada on England, there was something called the reformation which was the resurgence of the original text and meaning of the Bible. The reformation spread through Europe and England. England had the ability to cross into the new world of the Americas with the original Bible text. That was a problem for the spirits and their secret societies because they were trying to stop the original Bible text from crossing over to the new world in the Americas. The original text of the Bible exposes the spirits and their leader Satan, formerly know as Lucifer, and it will cause great resistance to their plans if it was not stopped. That's why the Spanish armada was sent to England. To take over England and stop the reformation from spreading.

You may already know that the conflict between the Spanish armada and England was a battle between Protestants and Catholics. This is what the reformation was all about. The Catholic Church was created by Satan to take over and change the original text of the Bible and that was even predicted in the Bible and is covered in the religion course at Infowar School. This does not mean that all Catholics are bad people. Very few of them are actually part of the N.W.O. or know about it. They are just good people who are looking for God and who are deceived like many others in the world that do not know the original text of God's word. The Catholic Church started referring to people who opposed them with the original text as protestors or 'Protestants' and that is why we call it the protestant reformation. The Spanish armada was sent to stop the protestants in England and make sure the reformation did not spread anywhere past Europe. They failed.

When the Spanish armada was destroyed England became the great sea power of the world and the original Bible text was guaranteed to make it to the new world because England's ships would be able to sail there unopposed. This was a problem that Satan and the secret societies could not stop with the plan they were using at that time and they needed a new plan. It would be a very complex plan that included new strategies for stopping the original Bible text in the new world and for continuing to take over the entire world. That plan is what is being used today and it is designed to build a new world order.

**The COVID crisis will lead to new thinking and approaches** to address these challenges, driven by new business models, new pricing structures, greater outsourcing, and investments in technology and data.

But, let's not get ahead of ourselves. The global war against the coronavirus and its impact on economic stability and market volatility continues to rage and will for some time. **Until a vaccine is developed and widely distributed, the industry, like the world at large, will remain in a period of transition.**

During this transition, the actions that asset managers take to prepare for the post-COVID environment will have lasting impact on their success once the war is finally won.

Over the long run, our biggest challenge will be to preserve the new balance of power that will emerge from this conflict. And that will not prove easy, given conventional American thinking about foreign policy. Today, it translates into the notion of "**a new world order**," which would emerge from a set of legal arrangements and be safeguarded by collective security.

BUSH 'OUT OF THESE TROUBLED TIMES . . . A NEW WORLD ORDER'

A new partnership of nations has begun, and we stand today at a unique and extraordinary moment. The crisis in the Persian Gulf, as grave as it is, also offers a rare opportunity to move toward an historic period of cooperation. **Out of these troubled times, our fifth objective -- a new world order -- can emerge**: A new era -- freer from the threat of terror, stronger in the pursuit of justice and more secure in the quest for peace. An era in which the nations of the world, east and west, north and south, can prosper and live in harmony.

A hundred generations have searched for this elusive path to peace, while a thousand wars raged across the span of human endeavor, and today that new world is struggling to be born. A world quite different from the one we've known. A world where the rule of law supplants the rule of the jungle. A world in which nations recognize the shared responsibility for freedom and justice. A world where the strong respect the rights of the weak.

This is the vision that I shared with **President Gorbachev** in Helsinki. He and the other **leaders from Europe, the gulf and around the world** understand that how we manage this crisis today could shape the future for generations to come. 'The Test We Face Is Great'

Once again, Americans have stepped forward to share a tearful goodbye with their families before leaving for a strange and distant shore. At this very moment, they serve together with Arabs, Europeans, Asians and Africans in defense of principle and the dream of a **new world order**.

It is rather difficult to know exactly who conceived of a “new international economic order” or when the term was first used. ### **Secret Societies Need To Hide Their True Intentions**

The problem with secret societies is they have to be secret. That requires a great deal of effort and it's always just a matter of time before someone discovers one of their secret meetings and asks 'what are you people doing?' Then there has to be an answer but it can't be the truth obviously so they have to have a story ready just in case they are discovered. After hearing about the secret meeting people will want to know why it was kept secret if they weren't doing anything evil and they will want to know why they continue to meet in secret after their discovery. Even though this problem exists there are still very secret meetings that are guarded very carefully. there is another method of meeting that is used very often to hide what they are doing in front of our eyes.

It would be better for a secret society to have a false front organization that way they could meet and people would already know why. Then people would not be suspicious when there is a group of people having a meeting which is something that happens every day all over the world. One example of a front organization for a secret society are the various Fraternal Orders of Freemasons. Few Freemasons are part of the N.W.O. and it is better that way if you are trying to hide something. That way all the freemasons who are not involved in the conspiracy will strongly deny any accusations of being part of the N.W.O. The small group of Freemasons that are part of the N.W.O. will know each other and only discuss their conspiracy when none of the other members are present. If anyone asks what they were meeting about they just lie and say it was some type of lodge business.

This method of using a front organization is used by many of the N.W.O. societies like the Freemasons, the club of Rome, the council on foreign relation (CFR), the trilateral commission, the committee of 300 and others.

### **You Don't Need To Understand All Their Secrets to Know What They Are Doing**

You don't need to know all their secrets to know they are part of the N.W.O. they have so many lies and stories to cover what they are doing anyway so don't bother filling your head with their lies and trying to make sense of it because it doesn't make sense anyway. Those mystical symbols and philosophies are deceptions to keep you from knowing they are just part of the N.W.O. in the end the symbols and philosophies all represent some kind of satanic teaching or entity and that is enough to know they are evil.

So how do you know what they are really doing? They tell you that's how. You just have to know what to look for. Early on it was more difficult to see their full plan because they were working on the foundation of their N.W.O. and it was difficult for most people to see their final goals which were hundreds of years away. Now, in the 21st century it is easy to see their plan because they are so close to completion that they are actually telling us what they want and calling for a N.W.O. by name as you saw in the previous topic.

To figure out what they are doing, start by looking at why they are calling for a N.W.O. their reasons are in their quotes above. It's always for a small set of reasons like stopping racism, climate change, war, poverty and a few other reasons. These things are problems that they create to have a reason to call for a N.W.O. they use the same reasons over and over and these are the tactics that their bigger plan is built on. They create the wars and Poverty and racism just so they have a reason to call for our countries to be taken over and replaced by the N.W.O. as the solution to those problems.

We already have all the answers we need for the entire world to live in peace and prosperity. You can read about that in Operation Iceland at Infowar School.

Tactics The N.W.O. Uses Against Us To Divide People And Make Them Fight With Each Other So They Can Offer Their N.W.O. As The Solution.

- Wars, bullying
- poverty
- corruption
- immigration
- terrorism
- trade disputes
- climate change
- racism
- LGBTQ rights
- feminism

But those reasons are just excuses that help them take over and control the world. Those reasons allow them to trick you into giving up your freedoms as they build their technocracy around you and take total control until you can never resist them because they have disarmed you and taken away your education and ability to support yourself.

Answers the N.W.O. Tells Us We Need To Stop the Problems They Created

- new world monetary structure
- universal healthcare system
- universal education system
- United Nations for world government
- globalization
- global citizenry
- international law
- one world religion

The question is why are they building this technocracy and doing all they are doing to build this N.W.O. that will take over and control the world? And the reason is because Satan wants to take over God's position and be worshiped by everyone and kill everyone who opposes him. That is the one single reason for all the activities of the N.W.O. but how do we know that is what they are doing? First, the prophecy from the original text Bible tells us how Satan has been working to take over the world since the time of Adam and Eve and the original text Bible has been proven true. You can learn about the proof of the Bible in the religion course at Infowar School. The second reason we know it is all because of Satan's take over is because all the secret societies worship Satan.

'Total war as a separate class of warfare. **In a total war the differentiation between combatants and non-combatants diminishes, sometimes even vanishing entirely,** due to the capacity of opposing sides to consider nearly every human resource, even that of non-combatants, to be a part of the war effort.'

A complete takeover of the world needs a full spectrum attack. A full spectrum attack is an attack on every aspect of civilization. The N.W.O. is attacking and taking over our governments, our education systems, our financial systems, our media, our religious systems, our healthcare and every other part of society. They do this by creating the problems they claim the N.W.O. will solve. One very obvious and clear example of the N.W.O. creating a problem and telling us they have the solutions to is 'climate change'. They are using geoengineering (climate engineering) to destroy our weather and they blame it on us, the people who are not part of the N.W.O. you can read about the climate deception in the environment course at Infowar School. They also create racial divisions and crime by creating Marxist and communist groups like BLM and ANTIFA. They tell us that we have to defund our police and let the United Nations use their police forces through something called the Strong Cities Initiative. They also want the United Nations to be the only armed force in the world. That is one way they take over our governments and replace them with the United Nations.

[Globalist Takeover Melbourne City Council | STRONG Cities](#)

*Heise Says*

Melbourne City Council and the entire State of Victoria is facing a Globalist Takeover because of their Strong Cities Membership. Shouldn't local City Council focus on small scale regional issues? Are these organizations simply in place to stoke the ego of bureaucrats in Councils to make them feel important? How about our cities focus on local issues, cut down on Globalist Influence and reduces their costs to let their residents keep more of their money?

SUMMARY

**A world effectively controlled by the United Nations** is one in which “**world government**” would come about through the establishment of supranational institutions, characterized by **mandatory universal membership** and some ability to employ physical force. Effective control would thus entail a preponderance of political power in the hands of **a supranational organization rather than in individual national units**, and would assume the effective operation of a general disarmament agreement. While this supranational organization — the United Nations — would not necessarily be the organization as it now exists, the present UN Charter could theoretically be revised in order to erect such an organization equal to the task envisaged, thereby codifying a radical rearrangement of power in the world.

The principal features of a model system would include the following: (1) **powers sufficient to monitor and enforce disarmament**, settle disputes, and keep the peace —including **taxing powers** — with all other powers reserved to the nations; (2) an **international force**, balanced appropriately among ground, sea, air, and space elements, consisting of 500,000 men, recruited individually, **wearing a UN uniform**, and **controlling a nuclear force** composed of 50-100 mixed land-based mobile and undersea-based missiles, averaging one megaton per weapon; (3) governmental powers distributed among three branches so that primary functions would exist in some recognizable form in a bicameral legislative organ, an executive organ, and an expanded **international judicial network**; (4) compulsory jurisdiction of the International Court for both legal disputes and legal aspects of political disputes; (5) approximately 130 political subunits, all nominally independent states, within the system; (6) continued jurisdiction over **cosmetic affairs** by the national governments; and (7) unrestricted international **inspection of all states against violation of the disarmament agreement**, with permanent (sic) inspection of nuclear research and power equipment, strategic areas and industries, administrative policies and operations, and other key and strategic points in the national economy.

A full spectrum attack requires many organizations to focus on specific areas. That is why we have so many secret societies. Two examples are, the club of Rome which is the society that is working on the climate change deception, and the trilateral commission which is the organization that has been used to integrate the sovereign nations into nations that are under control of the United Nations world government.

The new world order are very busy and excellent at multitasking. They have a single leader with a well coordinated structure. They also have nearly unlimited resources available to them. They are also not restricted by avoiding evil so they have more methods of attack than good people have because they commit crimes like murder and blackmail and use threats against people.

Their full spectrum attack can only be stopped by a full spectrum resistance that is lawful.

### **The Core Group of Secret Societies**

The secret societies have a structure with levels and different areas where they operate. If they are compared to a business structure they would be vertically and horizontally integrated. Satan is the top leader of the N.W.O. and the fallen spirits are under his command. Below the spirits are the humans who are part of the N.W.O. the top level secret society appears to be the Jesuits along with the Catholic Church. The next level below is the royalty and aristocracy level which are the committee of 300. These top levels are in command and control of the N.W.O. The command and control level of the N.W.O. don't get very involved in the day to day activities of taking over the world. Although some Jesuits do take part in the daily activities.

There are lower level secret societies that do the day to day work of taking over the world. Below the committee of 300 is the illuminati and below them are the Freemasons. The illuminati and the freemasons have members that are part of the higher professions like bankers, lawyers, judges, doctors, government employees, military officers, media and corporate management. There are even people who are not in those professions but the higher professions are there and they are the people who are used to control our countries.

Almost all of the illuminati members know they are part of the N.W.O. most of the freemasons are not part of the N.W.O. and it is a small group of the highest freemasons who are 'illuminated' that try to influence the thinking of the lower masons to manipulate them into following the N.W.O. plan. Not everyone will follow Satan so there has to be a level for people who can only be tricked into following the N.W.O. plan. Those are people called unknowing co-conspirators. They are people like the lower level freemasons and people who are part of the many other N.W.O. organizations who think they are doing something good.

Other organizations like the club of Rome and the trilateral commission and the CFR are also involved in the day to day activities for trying to take over the world and they are similar to the freemasons where only some of the members know what their real goals are. There are many people at the united nations who don't know they are part of a world government that is satanic because they believe the lies told to them by the N.W.O.

#### Day To Day Operations for Taking over the World

how do these lower level societies take over the world? they use their full spectrum attack. It is an incremental attack that has been happening in stages over the past 400 years. There are major stages to this full spectrum attack that are briefly described in advanced training level 1. some examples of the day to day attacks are activities like bringing drag queen story time into our schools or the daily lies about co2 being responsible for climate change. Fighting to censor real doctors with real treatments for covid-19 is another example. Trying to make people like Alex Jones and other patriots look like terrorists or the daily lies in the media about the white supremacy conspiracy theory are also examples of their day to day attacks. Spreading GMO food that is dangerous and flooding countries with illegal immigration and calling to ban guns so you can't defend yourself or your family are also examples of their day to day attacks. Setting up the conditions for false flag terror activities to happen and spying on citizens who try to oppose the N.W.O. are also examples of their day to day activities.

#### Compartmentalization

It is important that people only know as much as they need to know when they are part of the N.W.O. that way if someone decides to defect and expose them, they won't know the whole plan. This is called compartmentalization. It is like keeping everyone in their own compartment where they can only work on their own job. Sometimes N.W.O. members have to be killed to make part of their plan work so the person who is going to be killed must not know that is part of the plan or else they will try to stop the plan. Committing a false flag act of terrorism is a good example of when N.W.O. members need to be compartmentalized. In Operation Northwoods there is a directive that explains that the NATO command in Europe is not to be made aware of the false flag nature of the operation being conducted in Cuba. Operation Northwoods was never used but it is a real document that shows this exact tactic of compartmentalization.

*Youtube Channel: Amazing Discoveries*

Revolutions, Tyrants & Wars need finance and support in order to succeed. Who is behind the major conflagrations which have plagued mankind particularly during the last centuries? Are sinister forces working behind the scenes to achieve their Hegelian synthesis and to bring about a new order of things? Some highlights discussed are the revolutions of the previous century, culminating in the rise of the USA, the Kennedy assassination, and the setting up of the new world order.

[Watch the video here.](#)

## **Levels of Membership in the N.W.O.**

This topic is the same as the topic in advanced training so you can skip it if you read it already in the advanced training course.

### **Insiders and Outsiders**

When Satan creates an organization for his use he uses two main classes of people called insiders and outsiders. The insiders are the ones that set up and control the organization and the outsiders are the ones that fill all the roles that are needed for the organization to operate. If Satan is taking over an organization that is already created then he will use his agents to join the organization and work their way into positions of power to control and take over. Many times it is useful to have insiders at lower levels of an organization to do things that the higher levels can't do.

The following is a list of some of the levels in the hierarchy that make up the new world order. These are just generalized groups of people. Think of them as broad categories.

#### **Useful Idiot. (Outsider)**

The kind of person that believes the new world order is just a conspiracy theory. These people are not in the secret societies and can be good or evil. There are many reasons that people are useful idiots. They are easily controlled for one reason or another. An example would be a TSA employee or DHS employee. Some may be naive and just trust and obey people who are in a position of authority because they could never imagine someone would be trying to deceive them. Others may just do their job and never think about the bigger picture of how the world works because they spend all their time enjoying the entertainment distractions provided by Satan's new world order like football and drinking alcohol and trying to live their lives like the people they see on television. They are what you would call followers.

#### **Unknowing Co Conspirator. (Outsider)**

These are the types of people who can be woken up to the reality of what the new world order is doing and they can be good or evil. These people are not as easily controlled as the useful idiots are because they ask more questions and see a bigger picture but they don't see the absolute picture. They require more lies and manipulation to carry out the plans of the new world order. An example of an unknowing co-conspirator would be an American soldier guarding opium crops for the Taliban to harvest and sell. Most American soldiers are good people and would never keep their enemies drugs safe for future profits that go to their enemies. They are told a cover story by their leaders who are part of the new world order to guard the opium or the Taliban will kill the opium farmers or launch other attacks on innocent citizens. It is an example of the matrix of false reality and in this case the Americans are the ones in the matrix guarding opium in Afghanistan. The American drug war is another matrix of false reality. It allows the new world order to have secret inside agents on every level and every side of the drug trade which makes it very easy to smuggle new world order drugs for profits.

Of course many drug dealers and smugglers are caught and sent to jail but the insiders don't get caught so the process keeps moving forward.

#### Common Criminals and Organized Crime. (Outsider)

They are not secret society members and can be good or evil. They commit crimes at the local level and a percentage of the money goes to the new world order. The new world order likes to use crime to generate billions of dollars in revenue that they can use without having to be accountable to anyone for spending it. They own the world drug trade, they sell people as slaves and they sell weapons. Any crime they see fit to fill their needs they commit. In the specific case of selling drugs the key to generating profits is to have drug users that pay for drugs regularly. In a large city it is not uncommon to have many thousands of drug users. This many users require hundreds of drug retailers commonly called street dealers. They are like the convenience stores and gas stations and Fast food restaurants of the drug trade and they sell single servings by the gram. Just like any retailer the street dealers have suppliers that don't deal directly to the users because the users don't buy large quantities for large sums of money.

The drugs start as very large amounts weighing in the tones from the producers like farmers or chemists. New world order secret society members are involved in the higher levels of the drug trade to make sure things operate properly but it is not necessary or worth the risk for them to manage the lower levels like street dealers and their suppliers.

#### Low Level Secret Society Members (New World Order Insider)

They are usually evil people not from a royal blood line. Usually they are in a position of power in the government or a prominent member of society like a lawyer, banker, doctor, police, FBI, etc. They commit or just organize and finance major crimes like blackmail, extortion, fraud, murder, drug smuggling etc. they may even only operate on a national level and not even know that the great conspiracy is operating on a global and spiritual level. They receive their orders from higher level insiders when they meet with their secret society members. Illuminati members are part of this level.

#### High Level Secret Society Members (New World Order Insider)

They are usually from a royal blood line or occult blood line. Any crime goes for these people. They are baby sacrificing and blood drinking Satan worshipers who refer to Satan as Lucifer. That was Satan's former name before God cursed him for his sins. They operate on an international and spiritual level. They are aware of Satan's goals and work as planners and leaders and administrators to help carry out the strategies and policies of Satan to build the new world order. They are N.W.O. members. They are the N.W.O.

### **The Jewish Members of the New World Order**

There is always someone who will say that Jews rule the world secretly. But then there is always someone who will say it's the freemasons or the trilaterals or the Jesuits. The reality is that they are all working together in different areas to build the N.W.O. but the Jewish component gets a lot of attention.

Much of that attention is in the form of people being called anti-Semites because they are exposing the Jewish part of the N.W.O. it can seem complicated but it's not. First you have to realize one very important point. The highest goal of Satan is to put himself in God's position and to do that he will try to fake the return of Jesus as he tries to hide the true meaning of the Bible. Taking over Jerusalem is necessary for that fake return of Jesus. How can that happen? Two things are needed for that plan. Having very powerful Jews who can build an entire new country and having Jews who want to populate that country. The reason there has to be very powerful Jews to build the country is so that the country does not fail or else Satan's plan will fail. And having Jews want to move to Israel is necessary or else there is no reason for the powerful Jews to take over Palestine because people already live there and it would look strange if just one family took over land and removed the population.

The Jews were God's chosen people but they stopped following God after hundreds of years. God does not even want the land of Israel anymore. There is no basis in the Bible for the Jews of today to claim that land is their promised land. The actions of the Rothschild's family and the past prime ministers were never God like anyway so why are they claiming to follow God. Or should we ask, what god are they following? They all have a history of evil. Satan has chosen a family that is Jewish to be in charge of the financial part of his world takeover plan. It is the Rothschild family. They are also the family that created Israel. These two parts of Satan's plan have to be carried out by a Jewish family so that the family can be extremely powerful and create the state of Israel to take over Jerusalem. With that kind of power they are most likely to succeed in creating the new country. All Satan has to do now is persecute Jews all over the world and drive them into Israel to fill up the new country and create an army there to hold the stolen land.

You can see from the Balfour declaration in the terrorism course at Infowar School that there was a plan by the Rothschild's to take over the land of Palestine. Here is another document that shows building the nation of Israel is a big part of the N.W.O. you can see that there was an intention to have Israel be a part of the N.W.O.

[“New world order pledged to Jews” 80 years ago](#)

*By Laurent Guyénot*

*September 21, 2020*

Less known than the Balfour Declaration is the letter obtained by Nahum Sokolow, head of the World Zionist Organization, from the French Foreign minister Jules Cambon. Dated June 4, 1917, it not only anticipated the Balfour Declaration but cleared the way for it. It states that the French government “feels sympathy for your cause, the triumph of which is linked to that of the allies.” **The cause in question is “the development of the Israeli colonization in Palestine” and “the renaissance of the Jewish nationality in that land from which the people of Israel were exiled so many centuries ago.”**.....

As soon as he had become Prime Minister in May 1940, **Churchill instructed** his War Cabinet member **Arthur Green.W.O.od to craft a document assuring the Jewish elites** that a winning Britain will give them not only Palestine but **a major share in the “new world order”** to compensate for “the wrongs suffered by the Jewish people.” Although it is little known, this “Green.W.O.od Pledge” is, according to Zionist Rabbi Stephen Wise, “of wider and farther reaching implications” than the Balfour declaration. The New York Times published it in its October 6, 1940 edition, under the amazing title “New World Order Pledged to Jews” (reproduced here and here).

New York Times, October 6, 1940:

Mr. Green.W.O.od, who is Deputy Leader of the British Labor party, declared that in the new world the **“conscience of civilized humanity would demand that the wrongs suffered by the Jewish people in so many countries should be righted.”** He added that after the war an opportunity would be given to Jews everywhere to make a “distinctive and constructive contribution” in the rebuilding of the world.

You can also see from this statement by Izaak Greenbaum, head of the Jewish Agency Rescue Committee, that saving the Jewish community around the world was not their goal. Filling Israel with Jews was their real goal.

1943

February 18th, Zionist, Izaak Greenbaum, head of the Jewish Agency Rescue Committee, in a speech to the Zionist Executive Council states,

“If I am asked, could you give from the UJA (United Jewish Appeal) monies to rescue Jews, I say, no and I say again no!”

He goes onto state,

**“One cow in Palestine is worth more than all the Jews in Poland!”**

This is not a surprise, as Zionism and Nazism had similar aims. They both wanted the Jews out of Germany. However, the Zionists were not interested in any Jews that didn't want to go to Palestine and thought it would be more beneficial to ensure these Jews be placed in concentration camps, in order to frighten Jews worldwide into fleeing to Palestine, which they touted as the only state where they could be safe.

The Rothschild family is not interested in world peace no matter what they say. Look at their true nature. These are quotes from their family members over the generations and their actions. The Rothschild's and all the many others like them who are part of the N.W.O. are not interested in world peace when the talk about a N.W.O. their claim of world peace is a lie to make you accept the world government of the United Nations.

Mayer Amschel Rothschild states,

“Let me issue and control a nation's money and I care not who writes the laws.”

1811

The charter for the Rothschild's' Bank of the United States runs out and Congress votes against its renewal. Nathan Mayer Rothschild is not amused and he states, "Either the application for renewal of the charter is granted, or the United States will find itself involved in a most disastrous war."

However the United States stands firm and the charter is not renewed, which causes Nathan Mayer Rothschild to issue another threat, in which he states, "Teach those impudent Americans a lesson. Bring them back to colonial status."

1815,

this is the year Nathan Mayer Rothschild makes his famous statement,

"I care not what puppet is placed upon the throne of England to rule the Empire on which the sun never sets. The man who controls Britain's money supply controls the British Empire, and I control the British money supply."

1849

Gutle Schnaper, Mayer Amschel Rothschild's wife dies. Before her death she would nonchalantly state,

"If my sons did not want wars, there would be none."

1929

In April, Rothschild, Paul Warburg sends out a secret warning to his friends that a collapse and nationwide depression has been planned for later this year. It is certainly no coincidence that the biographies of all the Wall Street giants of that era: John D. Rockefeller; J. P. Morgan Jr.; Joseph Kennedy; Bernard Baruch; et al, all marvel at the fact these people got out of the stock-market completely, just before the crash and put their assets into cash or gold.

So, as all the bankers and their friends already knew, in August the Federal Reserve began to tighten the money supply. Then on October 24th the big New York bankers called in their 24 hour broker call loans. This meant that both the stockbrokers and their customers had to dump their stocks on the stock-market to cover their loans, irrespective of what price they had to sell them for.

As a result of this the stock-market crashed, a day that would go down in history as, "Black Thursday." In his book, "The Great Crash 1929," John Kenneth Gailbraith makes the following shocking statement,

"At the height of the selling frenzy Bernard Baruch brought Winston Churchill into the visitors gallery of the New York Stock Exchange to witness the panic and impress him with his power over the wild events on the floor."

Louis T. McFadden Republican Congressman, Louis T. McFadden, Chairman of the House Banking & Currency Committee, from 1920 to 1931, who was a staunch critic of the Jewish bankers is quite candid as to who was responsible when he states of this crash, "It was not accidental. It was a carefully contrived occurrence...The international bankers sought to bring about a condition of despair here so that they might emerge as rulers of us all."

Despite the claims of how the Federal Reserve would protect the country against depressions and inflation, they continued to further contract the money supply. Between 1929 and 1933, they would reduce the money supply by an additional 33%. Even Milton Friedman, the Nobel Peace Prize winning economist stated the following in a radio interview in January 1996,

"The Federal Reserve definitely caused the Great Depression by contracting the amount of currency in circulation by one-third from 1929 to 1933."

In only a few weeks from the day of the crash, 3 billion dollars of wealth vanished. Within a year, 40 billion dollars of wealth vanished. However, it did not simply disappear, it just ended up consolidated in fewer and fewer hands, as was planned. An example of this is Joseph P. Kennedy, John F. Kennedy's father. In 1929 he was worth 4 million dollars, in 1935 following the greatest depression in America's history, that had increased to over 100 million dollars.

1956

On October 28th, Menachem Begin, he of the infamous Deir Yassin massacre and who would go on to be a future Prime Minister of Israel, states at a Tel Aviv conference, "You Israelis, you should never become lenient if you kill your enemies. You shall have no pity on them until we have destroyed their so-called Arab culture, on the ruins of which we shall build our own civilization."

There is more Rothschild involvement in the secret societies that will be shown in the later topic on the illuminati.

### **The Jesuits**

The Jesuits were formed in the year 1540 to counter the reformation. For a short time the Jesuits were called the illuminati because they were considered to be 'illuminated' or 'enlightened' with knowledge. This enlightenment caused suspicion and lead to accusations of witchcraft. A few hundred years later the name illuminati would be given to another organization of people who were considered to be 'illuminated' but they were not Jesuits. They were just another secret society with a specific set of goals that would help to build the N.W.O.

This comic by former Jesuit priest Alberto Rivera tells us about the creation of the Jesuits.

Mayer Amschel Rothschild draws up plans for the creation of the, "Illuminati," and entrusts Ashkenazi Jew, Adam Weishaupt, a Crypto-Jew (a Jew who pretends he's not Jewish) who is outwardly Roman Catholic, with its organization and development. The, "Illuminati," is to be based upon the teachings of the Talmud, which is in turn, the teachings of Rabbinical Jews. It is to be called the, "Illuminati," which is a Luciferian term which means, "keepers of the light."

1776

Adam Weishaupt officially completes his organisation of the, "Illuminati," on May 1st of this year. The purpose of the, "Illuminati," is to divide the non-Jews through political, economic, social, and religious means. The plan is for the opposing sides of the goyim (non-Jews) to be armed whilst incidents are to be provided in order for them to fight amongst themselves; destroy national governments; destroy religious institutions; and eventually destroy each other. Weishaupt soon infiltrates the Continental Order of Freemasons with this, "Illuminati," doctrine and establishes lodges of the Grand Orient to be their secret headquarters. This is all under the orders and finance of Mayer Amschel Rothschild and the concept subsequently spreads into Masonic Lodges worldwide to the present day.

Weishaupt also recruits 2,000 paid followers including the most intelligent men in the field of arts and letters, education, science, finance, and industry. They are instructed to follow the following methods in order to control people:

1. Use monetary and sex bribery to obtain control of men already in high places, in the various levels of all governments and other fields of endeavour. Once influential persons have fallen for the lies, deceits, and temptations of the Illuminati they are to be held in bondage by application of political and other forms of blackmail, threats of financial ruin, public exposure, and fiscal harm, even death to themselves and members of their families.
2. The faculties of colleges and universities are to cultivate students possessing exceptional mental ability as well as belonging to well-bred families with international leanings, and recommend them for special training in internationalism, or rather the notion that only a one-world government can put an end to recurring wars and strife. Such training is to be provided by granting scholarships to those selected by the, "Illuminati."
3. All influential people trapped into coming under the control of the, "Illuminati," plus the students who had been specially educated and trained, are to be used as agents and placed behind the scenes of all governments as experts and specialists. This is to ensure they advise the top executives to adopt policies which in the long-run serve the secret plans of the, "Illuminati," one-world conspiracy and bring about the destruction of the governments and religions they are elected or appointed to serve.
4. To obtain absolute-control of the press, at that time the only mass-communications media which distributed information to the public, so that all news and information could be slanted in order to make the masses believe that a one-world government is the only solution to the world's many and varied problems.

Pike, who had been elected as Sovereign Grand Commander of the Scottish Rite of Freemasonry's Southern Jurisdiction in 1859, was the most powerful Freemason in America. He would retain that post for thirty-two years until his death in 1891. He also published a book on the subject in 1872 entitled, "Morals and Dogma of the Ancient and Accepted Scottish Rite of Freemasonry," in which he candidly states the following, "The true name of Satan, the Kabbalists say, is that of Yahweh reversed; for Satan is not a black god, but the negation of God...For the Initiates, this is not a Person, but a Force, created for good, but which may serve for evil. It is the instrument of Liberty and Free Will...LUCIFER, the Light-bearer! Strange and mysterious name to give to the Spirit of Darkness! Lucifer, the Son of the Morning! Is it he who bears the Light, and with its splendors intolerable blinds feeble, sensual or selfish Souls? Doubt it not!"

Interestingly, in the same book, Pike emphasizes that Freemasonry is a religion based on the occult Jewish philosophy found in the Kabbalah.

1927

Isaac Mayer Wise On October 28th, the "Jewish Tribune of New York," states in an article, "Masonry is based on Judaism. Eliminate the teachings of Judaism from the Masonic Ritual and what is left?" Also speaking on this subject, the well known rabbi, Isaac Wise, states,

"Freemasonry is a Jewish establishment, whose: history; grades; official appointments; passwords; and explanations, are Jewish from beginning to end."

## **The Trilateral Commission**

To build the N.W.O., There needs to be groups of people in positions of power that will force the individual sovereign nations to join together. David Rockefeller and Zbigniew Brzezinski founded an organization called the Trilateral Commission in 1973 to start interconnecting some of the nations of the earth together through economics and production. The process has to be gradual moving in small steps so no one becomes alarmed or suspicious. But what would be even better would be to make the process sound like it is an improvement over current conditions so people will support the process and even fight for it. Then the N.W.O. would have unknowing co-conspirators helping them. The Trilateral Commission was focused on North America, Western Europe and Japan becoming interconnected and they were also trying to make sound like a wonderful thing:

[The Trilateral Commission](#)

[Warsaw 2004 Plenary Meeting](#)

*Special Address By Founding Director Zbigniew Brzezinski In The Palace Of Culture  
9th May 2004*

When the Commission was formed some 30 years ago its basic concept – the “doctrine” of trilateralism – was strategically clear-cut: that trilateral cooperation between the three major democratic centers of economic and political power – **between North America, Western Europe, and Japan** – was the key to global stability and progress; that therefore trans- Atlantic cooperation had to be wedded to trans-Pacific cooperation; and that in the world at large democracy plus prosperity equal influence and power and that such power and influence should be harnessed for the common good, both for the sake of self-interest and of the moral imperative.

Here are two more quotes by members of the Trilateral Commission. First, one of the founders David Rockefeller and then former member Peter Sutherland. David Rockefeller tells us how After the N.W.O. set up the UN in 1945, the idea of internationalism grew in the minds of the generation that grew up over the next thirty years and how it was now time, in the 1970's, to put those people to good use for the N.W.O. as unknowing co-conspirators. He is speaking at the 25th anniversary of the Trilateral Commission.

**David rockefeller:** "Out of curiosity i dug up the speech and i'm going to read to you several paragraphs, because this is the real origin of the Trilateral Commission: A whole generation of both sides of the atlantic and pacific has **grown up thinking internationally** as no generation ever did before them. **the future of the alliance rests on their giving voice to what they have learned.**"

Former member Peter Sutherland tells us at the same anniversary dinner that the Trilateral Commission wants to take away the nations control over themselves so the Trilateral Commission can create an international order. Sovereignty means that a nation has its own government and its own citizens govern themselves. Take America for example, it is a sovereign nation that has a government of elected representatives and no outside country or organization has the right to interfere in that process. If you want to have a say in America's politics, become a citizen and vote or run for office. But the Trilateral Commission wants to take away their independence and interfere with them.

*New York Historical Society*

**Peter Sutherland: "The bugbear of diminished national sovereignty in the united states is really a serious difficulty in creating an international order.....absolute sovereignty is not a viable option into the future even for the most powerful state in the world."**

This is exactly what the N.W.O. wants to do. They want to build a new international order where they control the nations.

How do they start this change to bring individual sovereign states under control of a single world government? They will use deception and lies. Here is what Richard Gardner from the Trilateral Commission tells us:

<https://www.foreignaffairs.com/articles/1974-04-01/hard-road-world-order>  
[The Hard Road to World Order](#)

*By Richard N. Gardner April 1974*

**In short, the "house of world order" will have to be built from the bottom up rather than from the top down. It will look like a great "booming, buzzing confusion," to use William James' famous description of reality, but an end run around national sovereignty, eroding it piece by piece, will accomplish much more than the old-fashioned frontal assault. Of course, for political as well as administrative reasons, some of these specialized arrangements should be brought into an appropriate relationship with the central institutions of the U.N. system, but the main thing is that the essential functions be performed.**

Who was Richard Gardner? He was a Trilateral Commission member that worked in the American government focusing on various types of internationalism.

## **The Trilateral Commission is Very Active in Public Politics for a Private Organization**

From the time the Trilateral Commission was created it was active in politics. As members, because it is a private organization, they are required to give up their membership if they become members of the government but their beliefs and actions don't change. It means nothing if they give up their membership in the commission.

Right after their creation, the administration of president jimmy carter had many trilateral members in it- who gave up their membership which didn't change anything but make them more powerful to fulfill the goals of the N.W.O. this was one of the first steps of the N.W.O. during the part of their plan where they are merging the world together. During the 1970's they are putting the right people into power and they are getting ready for the next step which is to create the international islamist terror network that will justify the war on terror and bring in global surveillance to allow them to have a global technocracy.

As the security grid of their N.W.O. is being built, which is their technocracy, they are also destroying the sovereignty of the nations and combining them under one world government and a one world financial/industrial system and even their one world religion which they started creating long before this part of their plan.

## Government Types

### Royalty

This is really just a form of dictatorship. We won't spend too much time on this type of government. It is not a good type. Even if you have a king or queen who do wonderful things and actually make an entire country peaceful and prosperous, what happens when the next king or queen comes along? Will they be evil?

### Democracy

We always hear about democracy these days. The term is used incorrectly by the N.W.O. members inside the American government to describe the American government. America is a republic not a democracy. A pure democracy is majority rule which is the same as mob rule because 51 percent of the people can vote to take away the rights of the other 49 percent. That does not mean that voting is bad. It just means that voting for a majority is not good enough.

### Republic

In a republic like America everyone's rights are protected and they can never be taken away by a vote. Voting is used for electing people which is good and for deciding issues but voting is not used to remove peoples God given rights because those rights are inalienable. That means they can never be taken away.

### Free Market

In the past, the republic of America had a free market and it still somewhat of a free market today but now there is a great deal of N.W.O. interference in that free market. Now it is more a controlled market. A free market does not mean anyone can do anything and cause what ever harm they want. That is the lie the N.W.O. uses to demonize the free market. The N.W.O. even causes harm to make it look like the free market is a problem.

It is good to have laws that protect people and the environment from greedy people who will cause harm. That will happen with or without the N.W.O. but people need to be free to do business according to supply and demand. That is how an efficient market operates.

The new world order had been interfering with the republic of America since before it was even created. Since the time of the colonies. So remember, most of the terrible things you hear about the American republic were created by the N.W.O. to attack the republic and make it look evil.

1861

The real reason for the war is that the Southern States were in a dire economic situation due to the actions of the Northern States. Northern industrialists had used trade tariffs to prevent the Southern States from buying cheaper European goods. Europe subsequently retaliated by stopping cotton imports from the South. Thus the South had been forced to pay more for goods whilst having their income slashed.

This is when the money changers saw the opportunity to divide and conquer America by plunging it into Civil War. This is confirmed by Otto Von Bismarck when he was Chancellor of Germany (1871 - 1890), who stated the following in 1876,

*“The division of the United States into federations of equal force was decided long before the Civil War by the high financial powers of Europe, these bankers were afraid that the United States if they remained as one block and as one nation, would attain economic and financial independence which would upset their financial domination over the world. The voice of the Rothschilds’ predominated. They foresaw the tremendous booty if they could substitute two feeble democracies, indebted to the financiers, to the vigorous Republic, confident and self-providing. Therefore they started their emissaries in order to exploit the question of slavery and thus dig an abyss between the two parts of the Republic.”*

Indeed, only months after these first shots in South Carolina, the Rothschilds’ loaned Napoleon III of France (the Napoleon of the battle of Waterloo's nephew), 210 million francs to seize Mexico and then station troops along the Southern border of the United States, by taking advantage of the American Civil War to return Mexico to colonial rule.

Technocracy

This is how Zbigniew Brzezinski describes what the technocracy will be like. In a magazine article from Encounter Magazine that is no longer published. It is worth noting that this quote is often mistakenly attributed to Brzezinski's book between two ages. And this is from 1968 but it's happening fifty years later. That's a plan not a coincidence.

At the same time, the capacity to assert social and political control over the individual will vastly increase. As I have already noted, it will soon be possible to assert almost **continuous surveillance over every citizen and to maintain up-to- date, complete files,** containing even most personal information about the health or personal behaviour of the citizen, in addition to more customary data. **These files will be subject to instantaneous retrieval by the authorities.**

The N.W.O. technocracy is already well under way. We are being spied on and databases are already collecting your data and recording your activities. Many people are now willing to let themselves be tracked and their contacts traced because of the covid pandemic. Our energy is being controlled in some places like in the United States where only limited amounts are allowed to be used and it has to be a certain percentage of wind and solar energy.

The designers claim that the system can detect and identify thousands of human faces or other objects in real time and instantly locate specific targets in environments such as crowded stadiums.

Of course, it would work equally as well at protests.

The designers suggested that police could set up the camera system in the center of Shanghai and monitor the movement of crowds, while cross-checking the images with medical and criminal records.

## Communism

Communism, fascism and socialism are all types of dictatorships and are basically the same but with some minor differences. Communists are like liberals or on the left and fascists are like conservatives or on the right so they are at opposite ends of a system of dictatorship. Both types have government control over the citizens of the country. The government is our servant not our master. Communists and socialists are basically the same with communism just being more extreme or brutal than socialism.

<https://www.britannica.com/topic/communism>

[2020 Encyclopedia Britannica, Inc.](#)

Communism, political and economic doctrine that aims to replace private property and a profit-based economy with public ownership and communal control of at least the major means of production (e.g., mines, mills, and factories) and the natural resources of a society. Communism is thus a form of socialism—a higher and more advanced form, according to its advocates. Exactly how communism differs from socialism has long been a matter of debate, but the distinction rests largely on the communists' adherence to the revolutionary socialism of Karl Marx

### Communism Is Not a Grassroots Movement

The members of the N.W.O. would like you to believe that communism is not their creation or else their deception won't work. They would like you to believe that communism is a movement that started from the common citizen who was not satisfied with the conditions they lived in. there is proof that communism is a creation of the N.W.O. On two occasions communists takeovers failed and their leaders were identified and there is also proof from the British intelligence agency Scotland Yard.

On October 1st, Mao Tse Tung declares the founding of the People's Republic of China in Tiananmen Square, Beijing. He is funded by Rothschild, created Communism in Russia and handled by the following Rothschild agents: Solomon Adler, a former United States Treasury official who was a Soviet Spy; Israel Epstein, the son of a Bolshevik imprisoned by the Tsar in Russia for trying to foment a revolution there; and Frank Coe, a leading official of the Rothschild owned IMF

Nathan Rothschild had given Marx two checks for several thousand pounds to finance the cause of Socialism. The checks were put on display in the British Museum, after Lord Lionel Walter Rothschild, a trustee, had willed his museum and library to them.

You will notice a great deal of Rothschild involvement in the N.W.O. because controlling Jerusalem is a vital part of their strategy so the N.W.O. can cause holy war all around the world.

This comic by Alberto Rivera shows how the Jesuits were part of creating communism and other dictators in the world.

Communism is just a tool of the N.W.O. and they use it for their own purposes. They tell you all kinds of nice things about how they want to create such a beautiful society but its all lies. The N.W.O. doesn't care about you.

### Major Soviet Paper Says 20 Million Died As Victims of Stalin

Under a headline proclaiming "The Number of Victims of Stalinism Is About 40 Million People," in a terse, question-and answer format, Mr. Medvedev cited the human cost of Stalin's leadership year by year, leaving it to the reader to complete the arithmetic.

Mr. Medvedev's accounting included these victims:

- \* One million imprisoned or exiled from 1927 to 1929, falsely accused of being saboteurs or members of opposition parties.
- \* Nine million to 11 million of the more prosperous peasants driven from their lands and another two million to three million arrested or exiled in the early 1930's campaign of forced farm collectivization. Many of these were believed to have been killed.
- \* Six million to seven million killed in the punitive famine inflicted on peasants in 1932 and 1933.

- \* One million exiled from Moscow and Leningrad in 1935 for belonging to families of former nobility, merchants, capitalists and officials.
- \* About one million executed in the "great terror" of 1937-38, and another four million to six million sent to forced labor camps from which most, including Mr. Medvedev's father, did not return.
- \* Two million to three million sent to camps for violating absurdly strict labor laws imposed in 1940.
- \* At least 10 million to 12 million "repressed" in World War II, including millions of Soviet-Germans and other ethnic minorities forcibly relocated.
- \* More than one million arrested on political grounds from 1946 to Stalin's death in 1953. The Soviet press has left little unsaid about Stalin's shortcomings, probing into sacred myths like his conduct of World War II, likening him to Hitler, dissecting his cruelties period by period. But official historians have shied away from putting a number to it all.. Mr. Medvedev acknowledged in *Argumenti I Fakti*, and repeated tonight, that many periods of repression will never be fully measured because records have been lost or never existed.

### 45 million died in Mao's Great Leap Forward, Hong Kong historian says in new book

At least 45 million people died unnecessary deaths during China's Great Leap Forward from 1958 to 1962, including 2.5 million tortured or summarily killed, according to a new book by a Hong Kong scholar.

The author is Frank Dikotter, chair professor of humanities at the University of Hong Kong and professor of the modern history of China on leave from the School of Oriental and African Studies at the University of London.

The book estimates a death toll nine million higher than the 36 million given in *Tombstone*, the last major work on the subject published in 2008 by Yang Jisheng, a senior reporter for Xinhua. Most of the material comes from 10 provincial archives chosen on the basis of openness, including those of Gansu , Guangdong, Hebei , Hubei , Hunan , Shandong , Sichuan , Yunnan and Zhejiang .

'The death toll stands at a minimum of 45 million excess deaths ... Coercion, terror and systematic violence were the foundations of the Great Leap Forward.'  
'Other victims were deliberately deprived of food and starved to death. Many more vanished because they were too old, weak or sick to work - and hence unable to earn their keep. People were killed selectively because they were rich, because they dragged their feet, because they spoke out or simply because they were not liked, for whatever reason, by the man who wielded the ladle in the canteen.'

He estimated that at least three million died of starvation and disease in gulags - labour and re-education camps set up by local governments - out of the eight to nine million detained in such camps during the Great Leap Forward.

They don't just want to kill you. They also want to take your gold while the leaders live like kings.

1918 The real purpose of Communism becomes apparent less than a year after the Bolshevik revolution in Russia, the stealing of the wealth of the people for the benefit of the state, the state which is of course now owned by the Rothschild family. This is highlighted by the following despatch from Petrograd reported in the New York Times on January 30th, "The people's commissaries have decreed a State Monopoly of gold. Churches, museums and other public institutions are required to place their gold articles at the disposal of the State. Gold articles belonging to private persons must be handed over to the State. Informants will receive one-third of the value of the articles."

1971

In their book, *None Dare Call It Conspiracy*, Gary Allen and Larry Abraham state, "In the reality of socialism you have a tiny oligarchical clique at the top, usually numbering no more than three percent of the total population, controlling the total wealth, total production and the very lives of the other ninety-seven percent. Certainly even the most naive observe that Mr. Brezhnev doesn't live like one of the poor peasants out on the great Russian steppes. But, according to socialist theory, he is supposed to do just that Communism, or more accurately, socialism, is not a movement of the downtrodden masses, but of the economic elite.!"

## The UN Is a Communist Organization

The goals of communism and the actions of the United Nations are the same. Here are several of the goals of communism and descriptions of the same UN actions. The goals of communism are from the book 'The Naked Communist' and the UN actions of from UN documents or programs.

Goal 33. Eliminate all laws or procedures which interfere with the operation of the Communist apparatus.

*UN: Article 29.3 of the Universal Declaration of Human Rights: 'these rights and freedoms may in no case be exercised contrary to the purposes and principles of the United Nations.'*

Goal 3. Develop the illusion that total disarmament (by) the United States would be a demonstration of moral strength.

*UN: THE UNITED STATES PROGRAM FOR GENERAL AND COMPLETE DISARMAMENT IN A PEACEFUL WORLD*

*The manufacture of armaments would be prohibited except for those of agreed types and quantities to be used by the U.N. Peace Force and those required to maintain internal order. All other armaments would be destroyed or converted to peaceful purposes. page 13*

*This can only be achieved through the progressive strengthening of international institutions under the United Nations and by creating a United Nations Peace Force to enforce the peace as the disarmament process proceeds. Page 2*

Goal 17. Get control of the schools. Use them as transmission belts for socialism and current Communist propaganda. Soften the curriculum. Get control of teachers' associations. Put the party line in textbooks.

Goal 18. Gain control of all student newspapers.

*Center for civic education: teaching democracy globally, internationally, and comparatively: the 21<sup>st</sup> century mission of schools. Page 1- 2.*

*'In the past century, the civic mission of schools... was... education for democracy in a sovereign state... In this century, by contrast... education will become everywhere more global, international...'*

*'And we ought to improve our curricular framework and standards for a world transformed by globally accepted and internationally accepted and internationally transcendent principles...'*

*UN: UNESCO.org new role of education, page 1.*

*'chapter 36 of agenda 21, embraces all ways in which people learn about the world around them, develop values and lifestyles...and assume their responsibilities as global citizens to prepare for the future.'*

*'Education is the primary agent of transformation towards sustainable development.'*

Goal 29. Discredit the American Constitution by calling it inadequate, old-fashioned, out of step with modern needs, a hindrance to cooperation between nations on a worldwide basis.

UNESCO: *We The People: The Citizen and the Constitution*, Center for Civic Education. Published 1998:

*'As fundamental and lasting as its guarantees have been, the U.S. Bill of Rights is a document of the eighteenth century, reflecting the issues and concerns of the age in which it was written. The rights guaranteed to Americans are civil and political rights. They express a fear of government power.'*

UNESCO: *We The People: The Citizens And The Constitution* Page 216:

*'It is within the sovereign authority of the American people to revise or abolish entirely the Bill of Rights'*

Goal 30. Discredit the American Founding Fathers. Present them as selfish aristocrats who had no concern for the, "common man."

UNESCO: *America Will Be* (grade 4 textbook) Houghton Mifflin Company

*When Jefferson wrote that 'all men' were created equal he really meant 'all citizens', women and blacks were not included.*

Goal 31. Belittle all forms of American culture and discourage the teaching of American history on the ground that it was only a minor part of the, "big picture." Give more emphasis to Russian history since the Communists took over.

UNESCO: *We the people the citizens and the constitution*.

*'The primary purpose of this textbook is not to fill your head with a lot of facts about American history and government.'* Page 10

Goal 24. Eliminate all laws governing obscenity by calling them, "censorship," and a violation of free speech and free press Break down cultural standards of morality by promoting pornography and obscenity in books, magazines, motion pictures, radio, and TV.

Goal 26. Present homosexuality, degeneracy and promiscuity as, "normal, natural, and healthy."

Goal 40. Discredit the family as an institution. Encourage promiscuity and easy divorce.
